#### **Non-GAAP Financial Measures**

To supplement Frontdoor's results presented in accordance with accounting principles generally accepted in the United States ("U.S. GAAP"), Frontdoor has disclosed the non-GAAP financial measures of Adjusted EBITDA, Free Cash Flow, and Unrestricted Cash.

We define "Adjusted EBITDA" as net income before: depreciation and amortization expense; goodwill and intangibles impairment; restructuring charges; provision for income taxes; non-cash stock-based compensation expense; interest expense; loss on extinguishment of debt; and other non-operating expenses.

We define "Free Cash Flow" as net cash provided from operating activities less property additions. Free Cash Flow is not a measurement of our financial performance or liquidity under U.S. GAAP and does not purport to be an alternative to net cash provided from operating activities or any other performance or liquidity measures derived in accordance with U.S. GAAP.

We define "Unrestricted Cash" as cash not subject to third-party restrictions. For additional information related to our third-party restrictions, see "Liquidity and Capital Resources — Liquidity" under the heading "Management's Discussion and Analysis of Financial Condition and Results of Operations" in our 2023 Annual Report on Form 10-K filed with the SEC.

See the Appendix attached hereto for additional information and reconciliations of such non-GAAP financial measures. Management believes these non-GAAP financial measures provide useful supplemental information for its and investors' evaluation of Frontdoor's business performance and are useful for period-over-period comparisons of the performance of Frontdoor's business. While we believe that these non-GAAP financial measures are useful in evaluating our business, this information should be considered as supplemental in nature and is not meant to be considered in isolation or as a substitute for the related financial information prepared in accordance with U.S. GAAP. In addition, these non-GAAP financial measures may not be the same as similarly entitled measures reported by other companies.
