

INVESTOR PRESENTATION

APPLE HOSPITALITY REIT

NOVEMBER 2022 • NYSE: APLE

FORWARD-LOOKING STATEMENTS

Certain statements made in this presentation are forward-looking statements, including statements regarding the impact to Apple Hospitality REIT, Inc.'s (the "Company," "Apple Hospitality," "Apple" or "APLE") business and financial condition from, and measures being taken in response to, the COVID-19 pandemic. These forward-looking statements include statements regarding our intent, belief or current expectations and are based on various assumptions. These statements involve substantial risks and uncertainties. Actual results or events could differ materially from the plans, intentions and expectations disclosed in the forward-looking statements that we make. Forward-looking statements may include, but are not limited to, statements regarding net asset value and potential trading prices. Words such as "anticipates," "believes," "expects," "estimates," "projects," "plans," "intends," "may," "will," "would," "outlook," "strategy," "targets," and similar expressions are intended to identify forward-looking statements, although not all forward-looking statements contain these identifying words. Actual results or outcomes may differ materially from those contemplated by the forward-looking statement. Further, forward-looking statements speak only as of the date they are made, and we undertake no obligation to update or reverse any forward-looking statement to reflect changed assumptions or the occurrence of unanticipated events or changes to future operating results, unless required to do so by law. Currently, one of the most significant factors that could cause actual outcomes to differ materially from the Company's forward-looking statements continues to be the adverse effect of COVID-19, including resurgences and variants, on the Company's business, financial performance and condition, operating results and cash flows, the real estate market and the hospitality industry specifically, and the global economy and financial markets generally. The significance, extent and duration of the continued impacts caused by the COVID-19 pandemic on the Company will depend on future developments, which are highly uncertain and cannot be predicted with confidence at this time, including the extent and effectiveness of the actions taken to mitigate its impact, the acceptance and availability of vaccines, the duration of associated immunity and efficacy of the vaccines against variants of COVID-19, the potential for additional hotel closures/consolidations that may be mandated or advisable, whether based on increased COVID-19 cases, new variants or other factors, and the direct and indirect economic effects of the pandemic and containment measures, among others. Moreover, investors are cautioned to interpret many of the risks identified under the section titled "Risk Factors" in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2021 as being heightened as a result of the ongoing and numerous adverse impacts of COVID-19. Additional factors include, but are not limited to, the ability of Apple Hospitality to effectively acquire and dispose of properties and redeploy proceeds; the anticipated timing and frequency of shareholder distributions; the ability of the Company to fund capital obligations; the ability of Apple Hospitality to successfully integrate recent and pending transactions and implement its operating strategy; changes in general political, economic and competitive conditions and specific market conditions (including the potential effects of inflation or a recessionary environment); reduced business and leisure travel due to travel-related health concerns, including the COVID-19 pandemic or an increase in COVID-19 cases or any other infectious or contagious diseases in the U.S. or abroad; adverse changes in the real estate and real estate capital markets; financing risks; changes in interest rates; litigation risks; regulatory proceedings or inquiries; changes in laws or regulations or interpretations of current laws and regulations that impact Apple Hospitality's business, assets or classification as a real estate investment trust; or other risks detailed in filings made by Apple Hospitality with the Securities and Exchange Commission ("SEC"). Although Apple Hospitality believes that the assumptions underlying the forward-looking statements contained herein are reasonable, any of the assumptions could be inaccurate, and therefore there can be no assurance that such statements included in this presentation will prove to be accurate. In light of the significant uncertainties inherent in the forward-looking statements included herein, the inclusion of such information should not be regarded as a representation by Apple Hospitality or any other person that the results or conditions described in such statements or the objectives and plans of Apple Hospitality will be achieved.

Note: Hotel portfolio statistics as of November 7, 2022. Market categorization based on STR designation.

(1) Average Effective Age represents years since hotels were built or last renovated. Average actual age of hotels is 15 years. The Tripadvisor® rating is based on lifetime scores for the Apple Hospitality portfolio of hotels through September 30, 2022.

(2) Net Total Debt to Total Capitalization calculation based on (as of September 30, 2022) total debt outstanding, net of cash and cash equivalents ("net total debt outstanding"), divided by net total debt outstanding plus equity market capitalization based on the Company's closing share price of \$14.06 and outstanding common shares. Based on hotels owned as of September 30, 2022.

MANAGEMENT TEAM WITH DEEP INDUSTRY EXPERIENCE OVER MULTIPLE HOTEL CYCLES

HAMPTON INN & SUITES ATLANTA-DOWNTOWN

- Average executive tenure with the Apple REIT Companies is **15 years**
- Established and operated **8 public hospitality REITs**

KEY TAKEAWAYS

- **Performance driven by strong leisure and improving business demand, consisting of both transient and small group bookings**
- Q3 2022 occupancy was 76% and we achieved our highest quarterly RevPAR growth over 2019, with Q3 2022 RevPAR 8% ahead of Q3 2019
- Occupancy for the month of October 2022 accelerated relative to August and September 2022, reaching approximately 78%, with continued strength in ADR
- Adjusted Hotel EBITDA Margin was 38% for Q3 2022, 30 bps ahead of Q3 2019, driven by efficient operating model, rate growth and expense management
- With only 61% of the Company's hotels achieving Q3 2022 RevPAR that met or exceeded Q3 2019 RevPAR, there is additional upside as business travel increases and the recovery spreads to an increasing number of markets
- **Portfolio management and historically low supply growth further position portfolio for outperformance**
- **Recent acquisitions meaningfully exceeding original underwriting**
- Average daily bookings higher than same period 2019
- Recent market transactions support valuation above current trading price
- Refinance of primary unsecured credit facility in July 2022 further enhances balance sheet strength, flexibility and liquidity, and positions the Company for strategic growth through the pursuit of opportunistic acquisitions
- **With continued recovery in our business and confidence in the strength of our portfolio, our Board of Directors approved an increase in the Company's regular monthly cash distribution to \$0.08 per common share, beginning with the November 2022 distribution**

(1) Consolidated hotels included in 0% - 15% occupancy tier.

PORTFOLIO POSITIONED FOR CONTINUED OUTPERFORMANCE

- **Well positioned to benefit from increasing business transient demand**
- Select-service hotels franchised with industry-leading brands have proven appeal with broadest group of customers
- Broad geographic diversification provides exposure to wide variety of markets and demand generators
- **Limited near-term portfolio impact from new supply**
- Positioned to benefit from market compression as large group business returns
- **Strong rate growth and operational efficiencies create potential for margin expansion**
- Data-driven asset management team and industry-leading operators maximize property-level performance
- Scale ownership of rooms-focused hotels minimizes G&A load per key and provides fixed cost efficiencies
- **Well-maintained, institutional-quality portfolio with substantial long-term value**
- Balance sheet strength and liquidity positions Company to be acquisitive and optimize portfolio through opportunistic transactions

WHY BRANDED SELECT-SERVICE HOTELS?

Efficient Operating Model

- Total revenue primarily derived from rooms sold
- Ability to cross-utilize associates to maximize efficiencies
- High margins and low breakeven occupancy
- Fewer outlets to manage
- Less public space to maintain
- Resilient group business

Broad Consumer Appeal

- High-quality hotels with strong value proposition for guests
- Product attractive to business and leisure travelers
- Award-winning service, innovative design and modern amenities
- Strong reservation systems and loyalty programs
- Global distribution creates strong consumer awareness

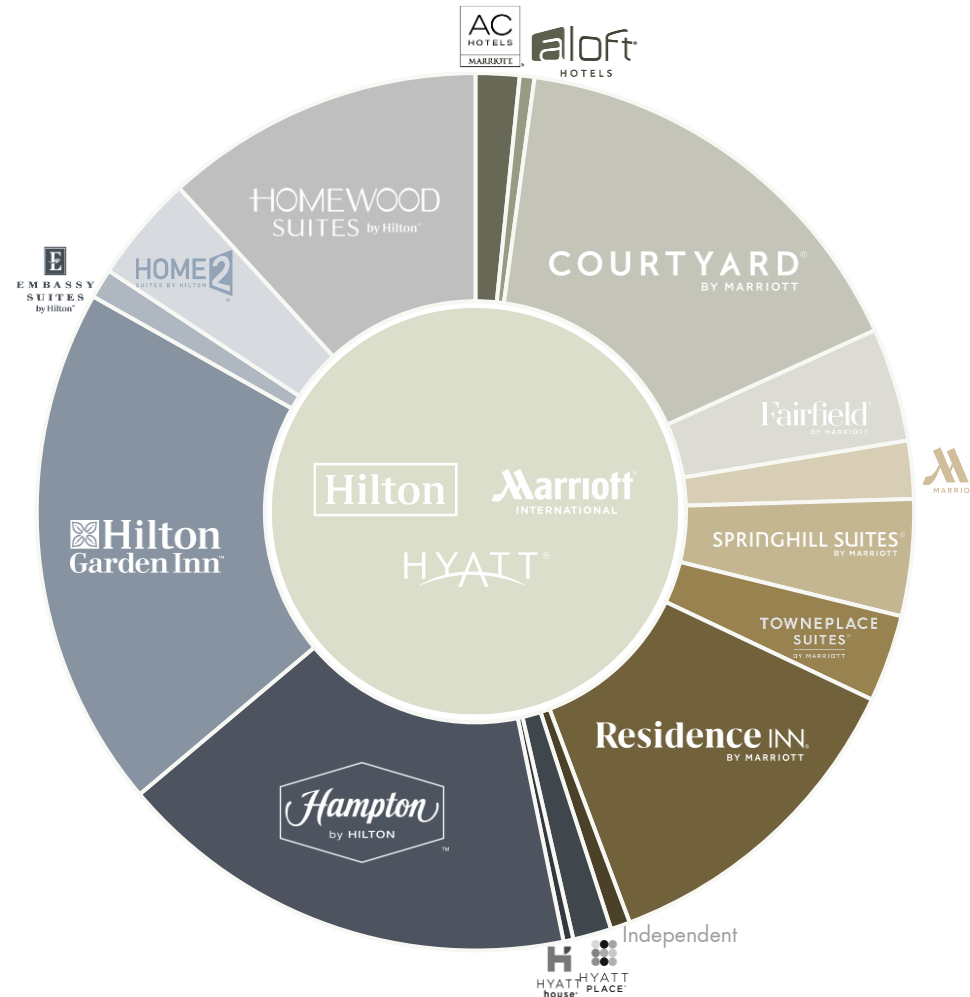

Maximize Shareholder Value

- Ability to optimize mix of business to drive RevPAR and EBITDA
- Lower downside risk with meaningful upside
- High margins drive overall profitability
- Lower long-term capital needs
- Institutional brands foster strong resale market, financing flexibility and investor confidence

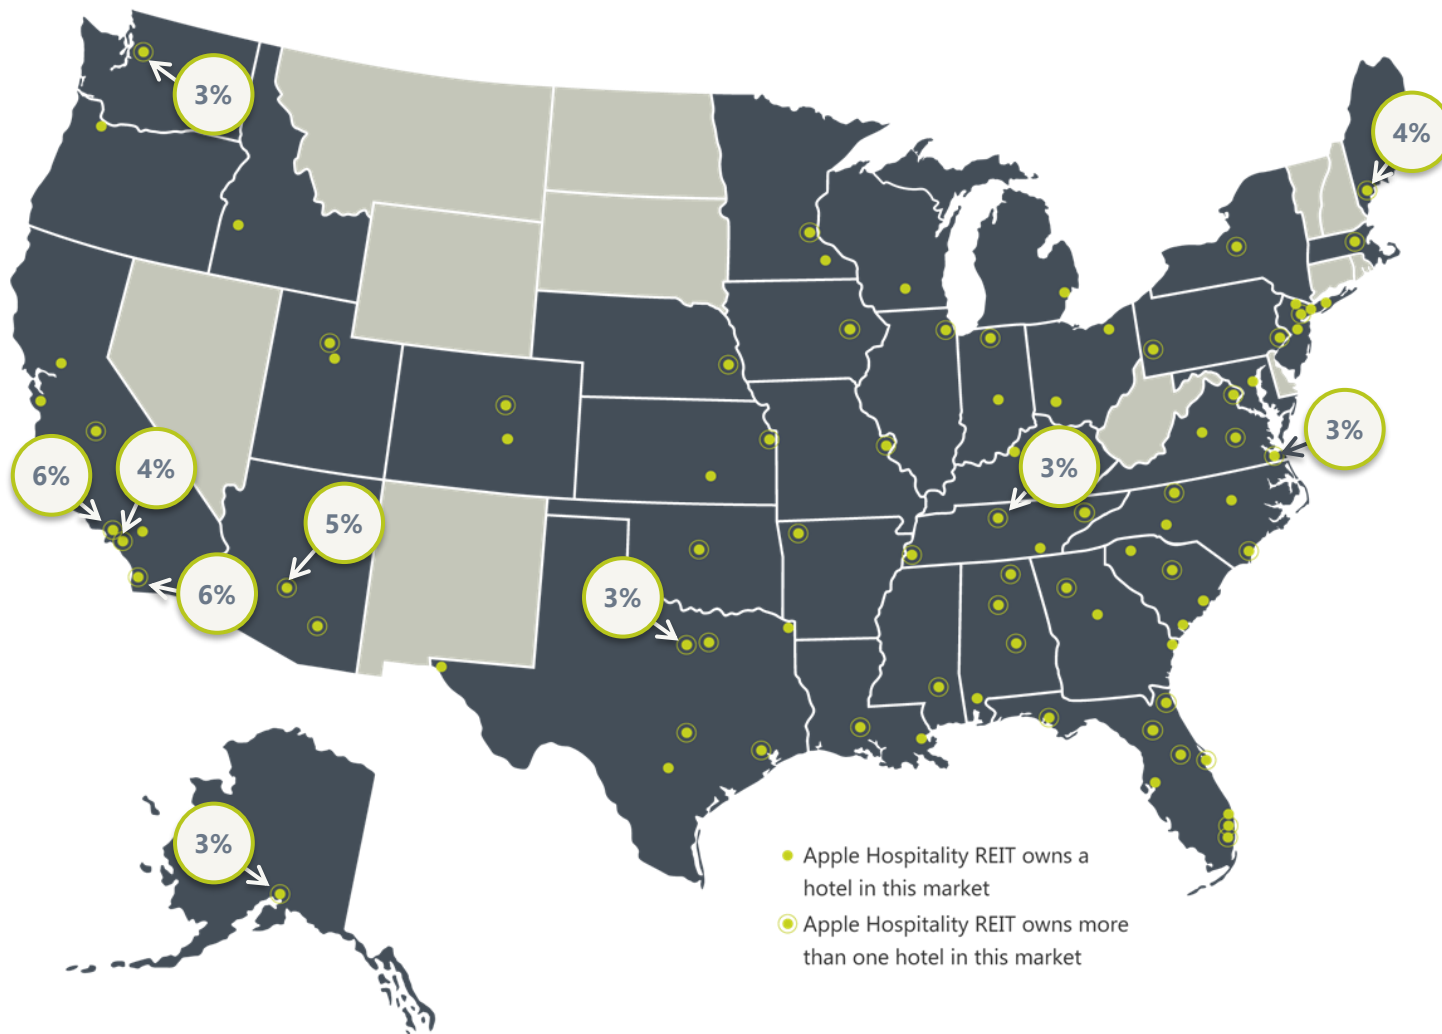

BROAD CONSUMER APPEAL

Rooms-focused hotels with industry-leading brands have broad consumer appeal

Note: Hotel portfolio statistics as of November 7, 2022. Based on number of guest rooms.

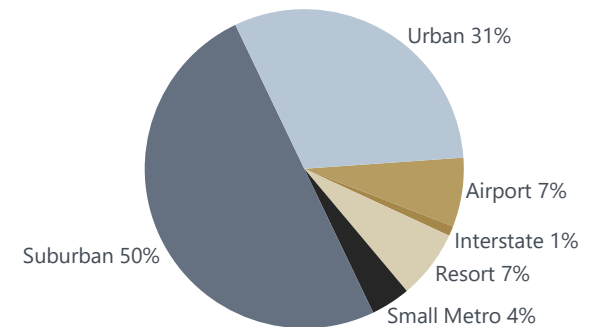

BROAD GEOGRAPHIC DIVERSIFICATION

Diversification across 87 markets helps drive strong, consistent performance

- ✓ Broad geographic diversification provides exposure to wide variety of demand generators
- ✓ Markets benefit from a mix of business and leisure demand
- ✓ Portfolio benefits from both large corporate negotiated and small and midmarket local negotiated business demand
- ✓ Low dependence on inbound international travel
- ✓ Unparalleled exposure to business-friendly markets leading the recovery and benefitting from population shifts

Adjusted Hotel EBITDA contribution by location type

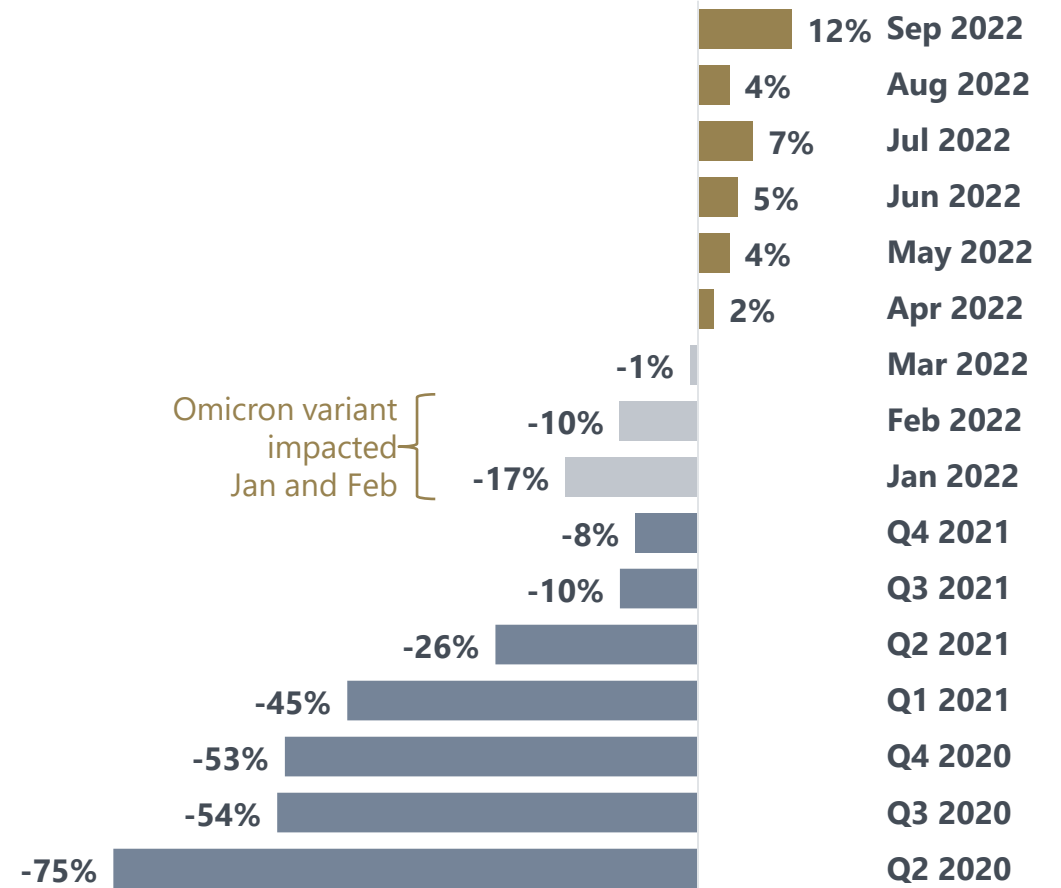

Note: Hotel locations as of November 7, 2022. Highlighted markets represent largest markets in Apple Hospitality's portfolio, based on Comparable Hotels Adjusted Hotel EBITDA contribution for the nine months ended September 30, 2022. Comparable Hotels Adjusted Hotel EBITDA contribution by location type based on the nine months ended September 30, 2022. Market and location categorizations based on STR designations.

With approximately **61%** of the Company's hotels achieving Q3 2022 RevPAR that met or exceeded Q3 2019 RevPAR, there is significant room for **additional upside** as business travel strengthens, leisure travel remains strong, and the recovery expands into additional markets.

Achieved our **highest quarterly RevPAR growth over 2019**, with Q3 2022 RevPAR 8% ahead of Q3 2019.

RevPAR Change vs. 2019

APPLE has a proven record of maximizing and improving operating margins across economic cycles and is positioned to further enhance its operating model through the recovery.

APPLE is well positioned to maximize efficiencies and further strengthen its operating margins:

- Operations of rooms-focused hotels are inherently efficient
- Ability to increase cross-utilization of managers and associates
- Optimizing labor management software already in place
- Scale to negotiate vendor contracts
- Unparalleled access to performance data to analyze, benchmark and share best practices
- Active participants in redefining brand standards through meaningful representation on owner advisory councils
- Broad consumer appeal allows for mix of business optimization to drive ADR and RevPAR as the recovery continues
- The COVID-19 pandemic provided the unique opportunity to reevaluate the operating model to create additional operational efficiencies with a focus on evolving guest preferences
- Working with third party operators to balance productivity and positive work environment to attract and retain top talent, reduce associate training costs and minimize reliance on contract labor over time

LIMITED NEAR-TERM IMPACT FROM NEW SUPPLY

Supply growth well below historical average for our portfolio

New construction starts have meaningfully decreased since onset of pandemic with anticipated delays in completion due to supply-chain and labor challenges

Nearly 50% of our hotels do not have any exposure to new projects currently under construction within a five-mile radius

Portfolio Exposure to New Supply

Note: Supply growth as defined by the Company. Graph represents percentage of Apple Hospitality REIT portfolio of hotels with one or more upper midscale, upscale or upper upscale new construction projects underway within a five-mile radius.

Strategic Asset Management Approach

- Analytical, data-driven asset management to maximize property-level performance
- Scale to negotiate attractive national contracts
- Strategic revenue management to optimize mix of business and maximize bottom-line performance
- Strong regional and national third-party operators with readily terminable contracts and flexibility to align performance goals

Best-in-Class Operators

- 100% of Apple Hospitality's portfolio operated by third-party property managers
- 94% of hotels independent of brand management
- 17 operating companies provide a platform for comparative analytics and shared best practices
- 21% of operators' portfolios represented by Apple Hospitality on average, excluding brands

BALANCE SHEET POISED FOR FUTURE GROWTH

- Positive corporate cash flow early in the recovery preserved strength of balance sheet and equity value
- Conservative capital structure with staggered maturities lowers capital costs
- **Amended and restated existing \$850 million credit facility, increasing borrowing capacity to approximately \$1.2 billion, extending maturity dates and achieving improved pricing**
- Through the amended credit agreement, the Company has greater access to liquidity for strategic growth and the opportunity to reduce its already conservative secured debt exposure
- Poised to be acquisitive and optimize portfolio through opportunistic transactions

STRONG BALANCE SHEET & LIQUIDITY POSITION

Low debt and staggered maturities facilitate agile balance sheet strategy
 Strong liquidity position for opportunistic growth

(1) Based on balances and hotels owned as of September 30, 2022, excluding unamortized fair value adjustment of assumed debt and unamortized debt issuance costs. Excludes yearly amortization.

(2) Interest rate includes effect of interest rate swaps and SOFR rate in effect at September 30, 2022, plus a 10 bps SOFR spread adjustment.

Our objective is to maximize long-term shareholder value through opportunistic dispositions and accretive acquisitions that improve the overall age, diversification and growth trajectory of our portfolio

Opportunistic Dispositions

- Reduce exposure to lower growth markets
- Dispose of hotels where strong operating efficiencies are harder to achieve
- Optimize capital reinvestment program through dispositions that effectively manage near- and long-term CapEx needs based on return on investment

Accretive Acquisitions

- Invest in hotels and markets with greater growth potential
- Acquire young assets in strong RevPAR markets with attractive cost structures that further enhance operating margins and long-term return on investment
- Grow portfolio when conditions are right

Strategic Growth

Earnings growth through portfolio optimization enhances long-term shareholder returns

RECENT ACQUISITION & DISPOSITION ACTIVITY

Since the start of the pandemic, the Company has been a net acquirer, purchasing **14 hotels** for approximately **\$558 million**, while opportunistically disposing of **25 hotels** for a total combined sales price of approximately **\$253 million**.

11 of the hotels recently purchased, approximately **\$432 million** in acquisitions, **were not open or stabilized in 2019**.

Acquisitions are performing ahead of our original underwriting with a **third producing** trailing twelve month **yields in excess of 10%**.

Our recent acquisition and disposition activity has optimized our portfolio for the recovery by lowering the average age of our assets, reducing near-term CapEx and increasing exposure to markets we anticipate will outperform over the next cycle **while maintaining the strength and flexibility of our balance sheet**.

ESG INITIATIVES

HILTON GARDEN INN MADISON DOWNTOWN

SUSTAINABILITY INITIATIVES

The Company has in place an **Environmental Policy** and a **Vendor Code of Conduct**.

A **formal energy management program** was established in 2018 to ensure that energy, water and waste management are a priority not only within the Company, but also with our management companies and brands.

Apple Hospitality Key Metrics for 2020⁽¹⁾

Approximately **19 Million Square Feet**
212,000 MWh Energy Consumption
11.3 Total kWh per Square Foot
98% Portfolio Enrolled in ENERGY STAR® Program
713,000 Kgals Water Consumption
8,200 Non-Recycled Waste in Tons
16% Diversion Rate

With 11.3 total kWh per square foot in 2020 as compared to an average of 29.0 total kWh per square foot reported by full-service REITs in 2019, the rooms-focused hotels we invest in are more operationally and environmentally efficient than full-service hotels.⁽²⁾

Average utility costs per occupied room

Full-Service Hotels ⁽³⁾	\$9.16
Limited-Service Hotels ⁽³⁾⁽⁴⁾	\$5.07
APLE ⁽³⁾	\$4.78

Apple Hospitality is committed to enhancing and incorporating sustainability opportunities into our investment and asset management strategies, with a focus on minimizing our environmental impact through reductions in energy and water consumption and through improvements in waste management.

LED Lighting

Energy Management Systems

Smart Irrigation Systems

Energy & Water Conservation Guidelines

(1) Statistics are based on the Company's rooms-focused hotels owned as of December 31, 2020.
 (2) Includes average of total kWh per square foot as reported for 2019 by DRH, HST, PK, PEB, SHO and XHR.
 (3) Full-Service Hotels and Limited-Service Hotels based on 2019 data from U.S. Hotels HOST Almanac published by STR Analytics in 2020. APLE data based on 2019 actual results for all hotels owned in 2019. The Company's average 2020 total utility cost of \$6.65 per occupied room represents a 39% increase from 2019. The COVID-19 pandemic significantly impacted occupancy levels beginning in March 2020, and as a result, total utility costs for the Company decreased on an absolute basis in 2020 as compared to 2019. The cost structure and efficient nature of the Company's primarily rooms-focused hotels allows them to operate cost effectively even at very low occupancy levels, and the Company worked to keep its hotels open despite low occupancy levels. The Company utilized energy management systems to minimize utility usage on unused floors, however, minimum utility usage is required for the protection of the Company's assets and utility costs per occupied room increased due to the drop in occupancy driven by the COVID-19 pandemic. In general, energy, water and waste metrics were materially impacted by declines in occupancy in 2020.
 (4) Average Upscale and Upper-Midscale Class.

SOCIAL RESPONSIBILITY

SPRINGHILL SUITES ALEXANDRIA OLD TOWN/SOUTHWEST

Key Metrics for Apple Hospitality since 2017

We are thoughtful in our interactions with others and know that strong, caring relationships are the core of our industry.

Note: Comparable Hotels is defined as the 218 hotels owned by the Company as of September 30, 2022. For hotels acquired during the periods noted, the Company has included, as applicable, results of those hotels for periods prior to the Company's ownership, and for dispositions, results have been excluded for the Company's period of ownership. Results for periods prior to the Company's ownership have not been included in the Company's actual Consolidated Financial Statements and are included only for comparison purposes. Results included for periods prior to the Company's ownership are based on information from the prior owner of each hotel and have not been audited or adjusted. Comparisons to 2019 operating results are included to provide a better understanding of the Company's recovery from the impact of COVID-19 on hotel operations. Reconciliation of net income (loss) to non-GAAP financial measures is included in the following pages.

Note: The Consolidated Statements of Operations and Comprehensive Income (Loss) and corresponding footnotes can be found in the Company's Quarterly Report on Form 10-Q for the quarter ended September 30, 2022.

Non-GAAP Financial Measures

The Company considers the following non-GAAP financial measures useful to investors as key supplemental measures of its operating performance: Funds from Operations (“FFO”); Modified FFO (“MFFO”); Earnings Before Interest, Income Taxes, Depreciation and Amortization (“EBITDA”); Earnings Before Interest, Income Taxes, Depreciation and Amortization for Real Estate (“EBITDAre”); Adjusted EBITDAre; and Adjusted Hotel EBITDA. These non-GAAP financial measures should be considered along with, but not as alternatives to, net income (loss), cash flow from operations or any other operating GAAP measure. FFO, MFFO, EBITDA, EBITDAre, Adjusted EBITDAre and Adjusted Hotel EBITDA are not necessarily indicative of funds available to fund the Company’s cash needs, including its ability to make cash distributions. Although FFO, MFFO, EBITDA, EBITDAre, Adjusted EBITDAre and Adjusted Hotel EBITDA, as calculated by the Company, may not be comparable to FFO, MFFO, EBITDA, EBITDAre, Adjusted EBITDAre and Adjusted Hotel EBITDA, as reported by other companies that do not define such terms exactly as the Company defines such terms, the Company believes these supplemental measures are useful to investors when comparing the Company’s results between periods and with other REITs.

EBITDA, EBITDAre, Adjusted EBITDAre and Adjusted Hotel EBITDA

EBITDA is a commonly used measure of performance in many industries and is defined as net income (loss) excluding interest, income taxes, depreciation and amortization. The Company believes EBITDA is useful to investors because it helps the Company and its investors evaluate the ongoing operating performance of the Company by removing the impact of its capital structure (primarily interest expense) and its asset base (primarily depreciation and amortization). In addition, certain covenants included in the agreements governing the Company’s indebtedness use EBITDA, as defined in the specific credit agreement, as a measure of financial compliance.

In addition to EBITDA, the Company also calculates and presents EBITDAre in accordance with standards established by the National Association of Real Estate Investment Trusts (“Nareit”), which defines EBITDAre as EBITDA, excluding gains and losses from the sale of certain real estate assets (including gains and losses from change in control), plus real estate related impairments, and adjustments to reflect the entity’s share of EBITDAre of unconsolidated affiliates. The Company presents EBITDAre because it believes that it provides further useful information to investors in comparing its operating performance between periods and between REITs that report EBITDAre using the Nareit definition.

The Company also considers the exclusion of non-cash straight-line operating ground lease expense from EBITDAre useful, as this expense does not reflect the underlying performance of the related hotels (Adjusted EBITDAre).

The Company further excludes actual corporate-level general and administrative expense for the Company from Adjusted EBITDAre (Adjusted Hotel EBITDA) to isolate property-level operational performance over which the Company’s hotel operators have direct control. The Company believes Adjusted Hotel EBITDA provides useful supplemental information to investors regarding operating performance and is used by management to measure the performance of the Company’s hotels and effectiveness of the operators of the hotels.

FFO and MFFO

The Company calculates and presents FFO in accordance with standards established by Nareit, which defines FFO as net income (loss) (computed in accordance with generally accepted accounting principles ("GAAP")), excluding gains and losses from the sale of certain real estate assets (including gains and losses from change in control), extraordinary items as defined by GAAP, and the cumulative effect of changes in accounting principles, plus real estate related depreciation, amortization and impairments, and adjustments for unconsolidated affiliates. Historical cost accounting for real estate assets implicitly assumes that the value of real estate assets diminishes predictably over time. Since real estate values instead have historically risen or fallen with market conditions, most real estate industry investors consider FFO to be helpful in evaluating a real estate company's operations. The Company further believes that by excluding the effects of these items, FFO is useful to investors in comparing its operating performance between periods and between REITs that report FFO using the Nareit definition. FFO as presented by the Company is applicable only to its common shareholders, but does not represent an amount that accrues directly to common shareholders.

The Company calculates MFFO by further adjusting FFO for the exclusion of amortization of finance ground lease assets, amortization of favorable and unfavorable operating leases, net and non-cash straight-line operating ground lease expense, as these expenses do not reflect the underlying performance of the related hotels. The Company presents MFFO when evaluating its performance because it believes that it provides further useful supplemental information to investors regarding its ongoing operating performance.

COMPARABLE HOTELS

Comparable Hotels is defined as the 218 hotels owned by the Company as of September 30, 2022. For hotels acquired during the periods noted, the Company has included, as applicable, results of those hotels for periods prior to the Company's ownership, and for dispositions, results have been excluded for the Company's period of ownership. Results for periods prior to the Company's ownership have not been included in the Company's actual Consolidated Financial Statements and are included only for comparison purposes. Results included for periods prior to the Company's ownership are based on information from the prior owner of each hotel and have not been audited or adjusted.

SAME STORE HOTELS

Same Store Hotels is defined as the 204 hotels owned by the Company as of January 1, 2019 and during the entirety of the periods being compared. This information has not been audited.
