This map illustrates the distribution of Gray TV stations across the United States, with a focus on the central and eastern regions. The map uses a color-coded system to identify stations and state capitals. A legend at the bottom right clarifies the symbols: a yellow circle for 'Gray TV Station' and a blue star for 'State Capital in DMA'.

The map shows a high density of Gray TV stations in the central and eastern United States, particularly in the Great Plains and the Midwest. State capitals are marked with blue stars, indicating their role as primary markets for Gray's programming. Glossary

**“Combined Historical Basis”
or “CHB”**

Combined Historical Basis reflects financial results that have been compiled by adding Gray’s historical revenue and broadcast expenses to the historical revenue and broadcast expenses of the stations acquired in the Completed Transactions and subtracting the historical revenues and broadcast expenses of stations divested in the Completed Transactions as if they had been acquired or divested, respectively, on January 1, 2014 (the beginning of the earliest period presented).

Combined Historical Basis financial information does not include any adjustments for other events attributable to the Completed Transactions except “Broadcast Cash Flow,” “Broadcast Cash Flow Less Cash Corporate Expenses,” “Operating Cash Flow,” “Operating Cash Flow as Defined in the Senior Credit Agreement” and “Total Leverage Ratio, Net of All Cash” each give effect to expected synergies, and “Free Cash Flow” on a Combined Historical Basis gives effect to the financings and certain expected operating synergies related to the Completed Transactions. “Operating Cash Flow,” “Operating Cash Flow as Defined in the Senior Credit Agreement” and “Total Leverage Ratio, Net of All Cash” on a Combined Historical Basis also reflect the add-back of legal and other professional fees incurred in completing acquisitions. Certain of the Combined Historical Basis financial information has been derived from, and adjusted based on, unaudited, unreviewed financial information prepared by other entities, which Gray cannot independently verify. We cannot assure you that such financial information would not be materially different if such information were audited or reviewed and no assurances can be provided as to the accuracy of such information, or that our actual results would not differ materially from the Combined Historical Basis financial information if the Completed Transactions had been completed at the stated date. In addition, the presentation of Combined Historical Basis, “Broadcast Cash Flow,” “Broadcast Cash Flow Less Cash Corporate Expenses,” “Operating Cash Flow,” “Operating Cash Flow as Defined in the Senior Credit Agreement,” “Total Leverage Ratio, Net of All Cash,” “Free Cash Flow,” and the adjustments to such information, including expected synergies resulting from such transactions, may not comply with GAAP or the requirements for pro forma financial information under Regulation S-X under the Securities Act.

“Completed Transactions”

All acquisitions or dispositions completed as of December 31, 2017.

“Gray” (Gray Television, Inc.)

A television broadcast company headquartered in Atlanta, Georgia, that owns and operates television stations and digital properties in markets throughout the United States

“Revenue”

Revenue is presented net of agency commissions.
