Investor Presentation

July 2026

Disclaimers

Forward-Looking Information

This presentation contains forward-looking statements. All statements other than statements of historical facts contained in this presentation may be forward-looking statements. The words “may,” “will,” “should,” “expects,” “plans,” “anticipates,” “could,” “intends,” “targets,” “projects,” “contemplates,” “believes,” “estimates,” “predicts,” “potential” or “continue” and other expressions that are predictions of or indicate future events and trends and that do not relate to historical matters identify forward-looking statements. Forward-looking statements involve known and unknown risks, uncertainties and other important factors, that may cause our actual results, performance or achievements to be materially different from any future results, performance or achievements expressed or implied by the forward-looking statements. Important factors that could cause actual results to differ materially from expectations are disclosed under the “Risk Factors” and “Cautionary Note Regarding Forward-Looking Statements” sections of our annual report on Form 10-K for the year ended March 31, 2026, and subsequent filings with the Securities and Exchange Commission (the “SEC”). All written and oral forward-looking statements attributable to us, or persons acting on our behalf, are expressly qualified in their entirety by the cautionary statements. You should evaluate all forward-looking statements made in this presentation in the context of these risks and uncertainties. Because forward-looking statements are inherently subject to risks and uncertainties, some of which cannot be predicted or quantified, you should not rely on these forward-looking statements as predictions of future events. The events and circumstances reflected in our forward-looking statements may not be achieved or occur, and actual results could differ materially from those projected in the forward-looking statements. The forward-looking statements in this presentation are made only as of the date hereof. Except as required by law, we assume no obligation to update these forward-looking statements, or to update the reasons actual results could differ materially from those anticipated in the forward-looking statements, even if new information becomes available in the future.

Disclaimers

Non-GAAP Financial Measures

As a supplement to our financial measures presented in accordance with U.S. Generally Accepted Accounting Principles ("GAAP"), the Company presents certain adjusted (non-GAAP) measures of financial performance. These non-GAAP financial measures are not intended to be considered in isolation from, as a substitute for, or as more important than, the financial information prepared and presented in accordance with GAAP. In addition, these non-GAAP measures have limitations in that they do not reflect all of the items associated with the Company's results of operations as determined in accordance with GAAP.

Adjusted net income, total and on a per share basis, and certain adjusted items used to determine adjusted net income, are presented and discussed in this presentation and are non-GAAP measures that management believes, when presented together with comparable GAAP measures, are useful to investors in understanding the Company's financial and operating performance. The non-GAAP financial measures exclude the following items, as applicable in any given reporting period:

- certain acquisition related costs, including (1) acquisition related deferred retention payments, which may be settled in cash or common stock of the Company; (2) amortization of intangible assets recognized in purchase accounting; (3) fair value remeasurements of acquisition-related contingent consideration; and (4) other integration and acquisition related costs, including asset write offs or impairments;
- legal and other professional fees associated with the simplification of our legal entity structure that has resulted from acquisitions;
- the income tax adjustments associated with the non-tax adjustments above, determined by applying the tax rates in effect in the jurisdictions for which the non-tax adjustment relates; and
- significant discrete tax related items, including (1) acquisition-related costs which are non-deductible for income tax purposes and (2) other unusual or unique tax-related items and activities.

In the future, the Company may also consider whether other items should also be excluded in calculating the non-GAAP financial measures used by the Company.

These non-GAAP measures facilitate comparison of operating performance between periods and help investors to understand our underlying operating results by excluding certain items that may not be indicative of the Company's core business, operating results, or future outlook. We consider quantitative and qualitative factors in assessing whether to adjust for the impact of items that could affect an understanding of our ongoing financial and business performance or trends. Internally, management uses these non-GAAP financial measures, along with GAAP financial measures, in assessing the Company's operating results.

The adjusted items included in this presentation as calculated by the Company are not necessarily comparable to similarly titled measures reported by other companies. Additionally, these adjusted amounts are not a measurement of financial performance or liquidity under GAAP and should not be considered as an alternative to the Company's financial information determined under GAAP. For additional descriptions of the Company's use of these adjusted items and a reconciliation with comparable GAAP items, see page 32 of this presentation, titled "Reconciliation of GAAP to Adjusted Financials."

We encourage investors to review our GAAP financial statements and other regulatory filings for a comprehensive understanding of our financial condition, results of operations, and cash flows.

Investment Tenets

Track Record of Growth and Profitability

Strong and consistent financial performance.

Lower Revenues and Earnings Volatility Through Economic Cycles

Given our diversified business model, and mix of cyclical, counter-cyclical and non-cyclical businesses, we believe we are less volatile than other investment banking firms.

Strong Growth Prospects

Significant room to grow all three businesses globally through both organic hires and acquisitions.

Long-Tenured Management Team

The average tenure of our Executive Management Team and our 19-person Operating Committee Team is over 25 years.

High Quality, Diversified Revenues

Diversified across clients, industries, geographies, transactions and financial professionals.

Data-Centric Strategy

Focus on leveraging technology and data drives differentiated advice and superior decision making.

Strong Financial Performance

Strong revenue growth with a five-year CAGR of 11%

Fiscal year 2022 experienced record results during extremely bullish market conditions

Adjusted pre-tax income grew at a CAGR of 9% over the same five-year period

Maintained solid adjusted pre-tax margins throughout, with higher pre-tax margins for fiscal years 2021 and 2022 as a result of temporarily lower non-compensation expenses because of the COVID-19 pandemic

Revenues

Adjusted Pre-tax Income¹

Adjusted Pre-tax Margin¹

Note: For fiscal years ended March 31. All dollar amounts in millions unless otherwise noted.

1. Adjusted Pre-tax Income and Adjusted Pre-Tax Margin are non-GAAP financial measures. See page 33 for comparable GAAP figures.

Robust Long-Term Growth Opportunities

We will continue to grow our Managing Director Headcount through:

- 1 Development and maturation of financial professionals
- 2 Targeted hiring of senior industry and product bankers
- 3 Strategic acquisitions and joint ventures
- 4 Use of advanced data and the latest technologies to drive innovation and excellence

Growth will be driven by:

CORPORATE FINANCE

- Adding incremental industry expertise globally
- Continued geographic expansion
- Building out our Capital Solutions platform
- Increasing deal size and deal fees

FINANCIAL RESTRUCTURING

- Growing availability and use of leverage globally
- Continued globalization of financial restructuring advice
- Increasingly complex balance sheets
- Impact from ongoing technology disruption

FINANCIAL AND VALUATION ADVISORY

- Increasingly complex and ever-changing regulatory reporting, valuation and tax environments
- Continued geographic expansion of service portfolio
- Addition of new high-value services and scaling of existing services through targeted senior hires
- Deepening client relationships and wallet share, supported by a complete lifecycle of services

Growth Through Hiring and MD Productivity

HL has increased its Managing Director Headcount by a CAGR of 8% over the last 20 years through internal promotions, opportunistic hirings, and strategic acquisitions.

HL has maintained solid MD productivity through the cycles. Productivity increased in FY21 and FY22 due to significantly less travel and more time for deal execution as a result of the COVID-19 pandemic.

History of Growing Managing Director Headcount

Revenue per MD¹

Note: For fiscal years ended March 31. All dollar amounts in millions unless otherwise noted.
1. MD count calculated using the average of the number of MDs at the beginning of the fiscal year and the end of the fiscal year.

Growth Through Acquisitions

- We have made 20 acquisitions over the last 15 years to deepen our industry coverage, expand our geographic reach and add additional service offerings
- HL has used acquisitions as a complement to our organic growth
- We believe that there are hundreds of potential boutique acquisition candidates around the globe that could be a strategic fit
- Our primary acquisition premise is that our global platform, and our breadth of service offerings, industry and private equity coverage will enable sellers to increase the productivity of their bankers and, in many cases, engage with larger clients
- Acquisitions are structured using a combination of upfront consideration and contingent consideration at a multiple that makes the acquisition accretive to HL

Overview of Business Segments

Our Service Offerings

HL's investment banking service offerings address a wide spectrum of strategic and capital structure objectives

HL maintains three primary service lines – Corporate Finance, Financial Restructuring, and Financial and Valuation Advisory

Our Service Offerings

Corporate Finance Mergers & Acquisitions

2%

Our market share in the Global mid-cap space is approximately 2%, based on the number of closed Corporate Finance transactions we completed in CY 2025

The mid-cap space is less volatile than the large-cap space, which, when combined with HL’s ongoing opportunities to increase its relatively low market share, generally results in less revenue “downside” in weaker M&A markets

Source: LSEG.

Financial and Valuation Advisory

No. 1 Global M&A Fairness Opinion Advisor Over the Past **25 Years**

Awarded the Best Valuations Firm for Hard to Value Assets globally annually for the past 7 consecutive years

Over the past **50 years**, Houlihan Lokey has established one of the largest worldwide financial and valuation advisory practices

Note: As of December 31, 2025. Source: LSEG. Announced or completed transactions.

Services Offered

- **Valuation:** Expert valuation services for illiquid securities to help asset managers with financial reporting
- **Advisory:** Financial reporting, tax, and CFO advisory support, including business valuations, transaction due diligence, data analytics, and M&A accounting
- **Opinions:** Independent fairness, solvency, and valuation opinions for public and private transactions (corporate and fund clients)

Diversified Revenue Stream

- **Market Resilient Portfolio:** Diverse, full-cycle service portfolio balanced to mitigate volatility and perform across changing M&A markets
- **Consistent Growth:** Demonstrated record of consistent revenue and client growth across all market cycles
- **Financial Outperformance:** Realizing above-market revenue and margin growth performance across diverse global business segments and end-markets
- **Massive Addressable Markets:** Operating in massive global and growing addressable markets with substantial runway for continued expansion

Operating Philosophy

- **Premium Brand & Pricing Power:** Extending the HL brand and reputation as a premium provider and leading advisor in complex matters to drive strong pricing power
- **Strategic Fee Mix:** Strengthening fee mix with larger-cap and public clients using value-added transaction driven services. Rapid growth in number of \$1M+ clients
- **Client-Centric Lifecycle:** Client-centric focus, providing recurring and transaction-based services through the client's full lifecycle
- **Innovation & Thought Leadership:** Market thought leader with innovative service offerings, proprietary branded market data, research, indices, and analytical tools
- **Global Operational Leverage:** Technology enabled and diversified professional staff across global geographies enhancing efficiency and scalability

Financial Sponsors Group

Houlihan Lokey has one of the largest Financial Sponsors Groups focused on mid and large-cap funds

Most Active Advisor to Private Equity - Globally¹

1	HOULIHAN LOKEY	286
2	Rothschild	232
3	Jefferies	196
4	Goldman Sachs	164
5	JPMorgan Chase	162

Broad and Deep Financial Sponsor Group

- HL has 30 senior officers dedicated to the financial sponsor community in North America, Europe, and Japan as of FYE 2026
- 1,900 Financial Sponsor firms covered across Private Equity, Credit, Family Offices and other Institutional Investors as of FYE 2026
- Organized geographically to ensure client coverage proximity

In-Depth Data on Buyer Behavior

- Knowledge of and database on financial sponsor preferences and behavior through our relationships and deal flow
- Collect and analyze comprehensive data on industry, size and general market trends

Importance of Our Sponsor Relationships

- Each year, we work on hundreds of engagements for private equity groups and their portfolio companies
- Sold over 850 companies to financial sponsors over the last five years
- Buyout firms have approximately \$650 billion of dry powder²
- Provide financial sponsors access to successful solutions – with coverage officers facilitating two-way information flow between sponsors and Houlihan Lokey

Private Equity Portfolio Company Inventory

Current Inventory of U.S. Private-Equity-Backed Companies (2016–2026)

Source: PitchBook as of June 30, 2026.

Given our strong market share serving the PE community, HL is well positioned to benefit from the growing number of portfolio companies held by private equity

Financial Overview

Strong Top-Line Growth and Disciplined Expense

Long history of revenue growth through various market cycles

- Resilient business mix consisting of cyclical and countercyclical revenue categories
- Leader in each of our three business segments with ample growth opportunities

Consistent track record of profitability through market cycles

- Maintained double-digit adjusted pre-tax margins through downturns in the economy
- Each business segment is similarly profitable to shareholders

Scalable, capital-light model

- Minimal capital balance sheet requirements
- Low leverage levels
- Scalable model that can be further leveraged to support top-line growth

Revenues

Adjusted Pre-tax Margin¹

Adjusted Net Income¹

Note: Fiscal year ended March 31. All dollar amounts in millions.

1. See page 32 for a description and reconciliation to the most directly comparable GAAP measures for relative year-to-date periods for fiscal 2026 and 2027. See page 33 for comparable historical GAAP figures and refer to previously filed earnings releases for historical adjustments.

2. Operated at higher margins due to temporarily lower non-compensation expenses as a result of the COVID-19 pandemic.

Business Segment Financials

Revenues By Business Segment

Note: Fiscal year ended March 31. All dollar amounts in millions unless otherwise noted.

Expense, Balance Sheet and Cash Management

Operating Expenses

Compensation

Given our diversified business model and compensation structure, we are able to maintain a tight compensation ratio through market cycles

Non-compensation

We believe our annual non-compensation ratio is among the lowest of our publicly traded peers

Balance Sheet Health

We operate
with extremely low levels of debt

We maintain
a revolver of \$150 million, which has remained undrawn

We generate
a significant amount of cash flow throughout the year

We are focused on
maintaining balance sheet flexibility to enable us to be opportunistic, especially regarding acquisition opportunities

Shareholder Return

We are committed to the following Capital Allocation principles:

- Grow our quarterly dividend as the business grows
 - We have grown our dividend at a 15% CAGR over the last 10 years
- When possible, use excess cash to make acquisitions that are strategic as well as accretive to shareholders
- If excess cash accumulates, return it to shareholders in the most efficient manner possible

Reconciliation of GAAP to Adjusted Financials

Notes to Reconciliation of GAAP to Adjusted Financial Information:

(1) Reflects acquisition related deferred retention payments.

(2) Reflects legal and other professional fees associated with the simplification of our legal entity structure that has resulted from acquisitions.

(3) Reflects integration and acquisition related costs, including asset write offs or impairments.

(4) Reflects amortization of intangible assets recognized in purchase accounting from our acquisitions.

(5) Reflects the fair value remeasurement of acquisition-related contingent consideration.

(6) The aggregate of adjustments from compensation and non-compensation expenses.

(7) Reflects acquisition-related costs which are non-deductible for income tax purposes.

(8) Reflects the tax impact of the non-tax adjustments identified above.

(9) Reflects the impact of adjustments attributable to the noncontrolling interest, net of tax.

(10) Consists of all adjustments identified above, net of the associated tax impact.
