Forward-Looking Statements

Some of the statements contained in this presentation constitute forward-looking statements, within the meaning of the Private Securities Litigation Reform Act of 1995 and Section 21E of the Securities Exchange Act of 1934, as amended (the “Exchange Act”), and we intend such statements to be covered by the safe harbor provisions contained therein. The information contained in this section should be read in conjunction with our financial statements and notes thereto appearing elsewhere in our annual report on Form 10-K for the year ended December 31, 2021. This description contains forward-looking statements that involve risks and uncertainties. We use words such as “anticipate,” “believe,” “project,” “expect,” “intends,” “will,” “should,” “may” and similar expressions to identify forward-looking statements, although not all forward-looking statements include these words.

Actual results could differ significantly from the results discussed in the forward-looking statements due to the factors set forth in “Risk Factors” in our annual report on Form 10-K for the year ended December 31, 2021. In addition, some of the statements in this presentation constitute forward-looking statements, which relate to future events or the future performance or financial condition of AFC Gamma, Inc. (“AFCG” and the “Company,” “we,” “us” and “our”). The forward-looking statements contained in this presentation involve a number of risks and uncertainties, including statements concerning: our business and investment strategy; our projected operating results including our projections for distributable earnings, originations and repayments; the estimated growth in and evolving market dynamics of the cannabis market; the impact of economic conditions on our business and the United States; the ability of our Manager to locate suitable loan opportunities for us, monitor, service and administer our loans and execute our investment strategy; allocation of loan opportunities to us by our Manager; our projected operating results; actions and initiatives of the U.S. or state governments and changes to government policies and the execution and impact of these actions, initiatives and policies, including the fact that cannabis remains illegal under federal law; the state of the United States and Canadian economies generally or in specific geographic regions; evolving market dynamics of the cannabis market; the demand for cannabis cultivation and processing facilities; shifts in public opinion regarding cannabis; the state of the U.S. economy generally or in specific geographic regions; economic trends and economic recoveries; the collectability and timing of cash flows, if any, from our loans; our ability to obtain and maintain financing arrangements; our expected leverage; changes in the value of our loans; our expected portfolio of loans; our expected investment and underwriting process; rates of default or decreased recovery rates on our loans; the degree to which our hedging strategies may or may not protect us from interest rate volatility; changes in interest rates of our loans and impacts of such changes on our results of operations, cash flows and the market value of our loans; interest rate mismatches between our loans and our borrowings used to fund such loans; the departure of any of the executive officers or key personnel supporting and assisting us from our Manager or its affiliates; impact of and changes in governmental regulations, tax law and rates, accounting guidance and similar matters; our ability to maintain our exemption from registration under the Investment Company Act of 1940 (the “1940 Act”); our ability to qualify and maintain our qualification as a real estate investment trust (“REIT”) for United States federal income tax purposes; estimates relating to our ability to make distributions to our stockholders in the future; our understanding of our competition; market trends in our industry, interest rates, real estate values, the securities markets or the general economy.

We have based the forward-looking statements included in this presentation on information available to us on the date of this presentation, and we assume no obligation to update any such forward-looking statements. We undertake no obligation to revise or update any forward-looking statements, whether as a result of new information, future events or otherwise. You are advised to consult any additional disclosures that we may make through reports that we have filed or in the future may file with the SEC, including annual reports on Form 10-K, registration statements on Form S-11, quarterly reports on Form 10-Q and current reports on Form 8-K.

The information contained herein is not intended to provide, and should not be relied upon for accounting, legal or tax advice or investment recommendations for AFCG or any of its affiliates. Certain information contained in the presentation discusses general market activity, industry or sector trends, or other broad-based economic, market or political conditions and should not be construed as research or investment advice.

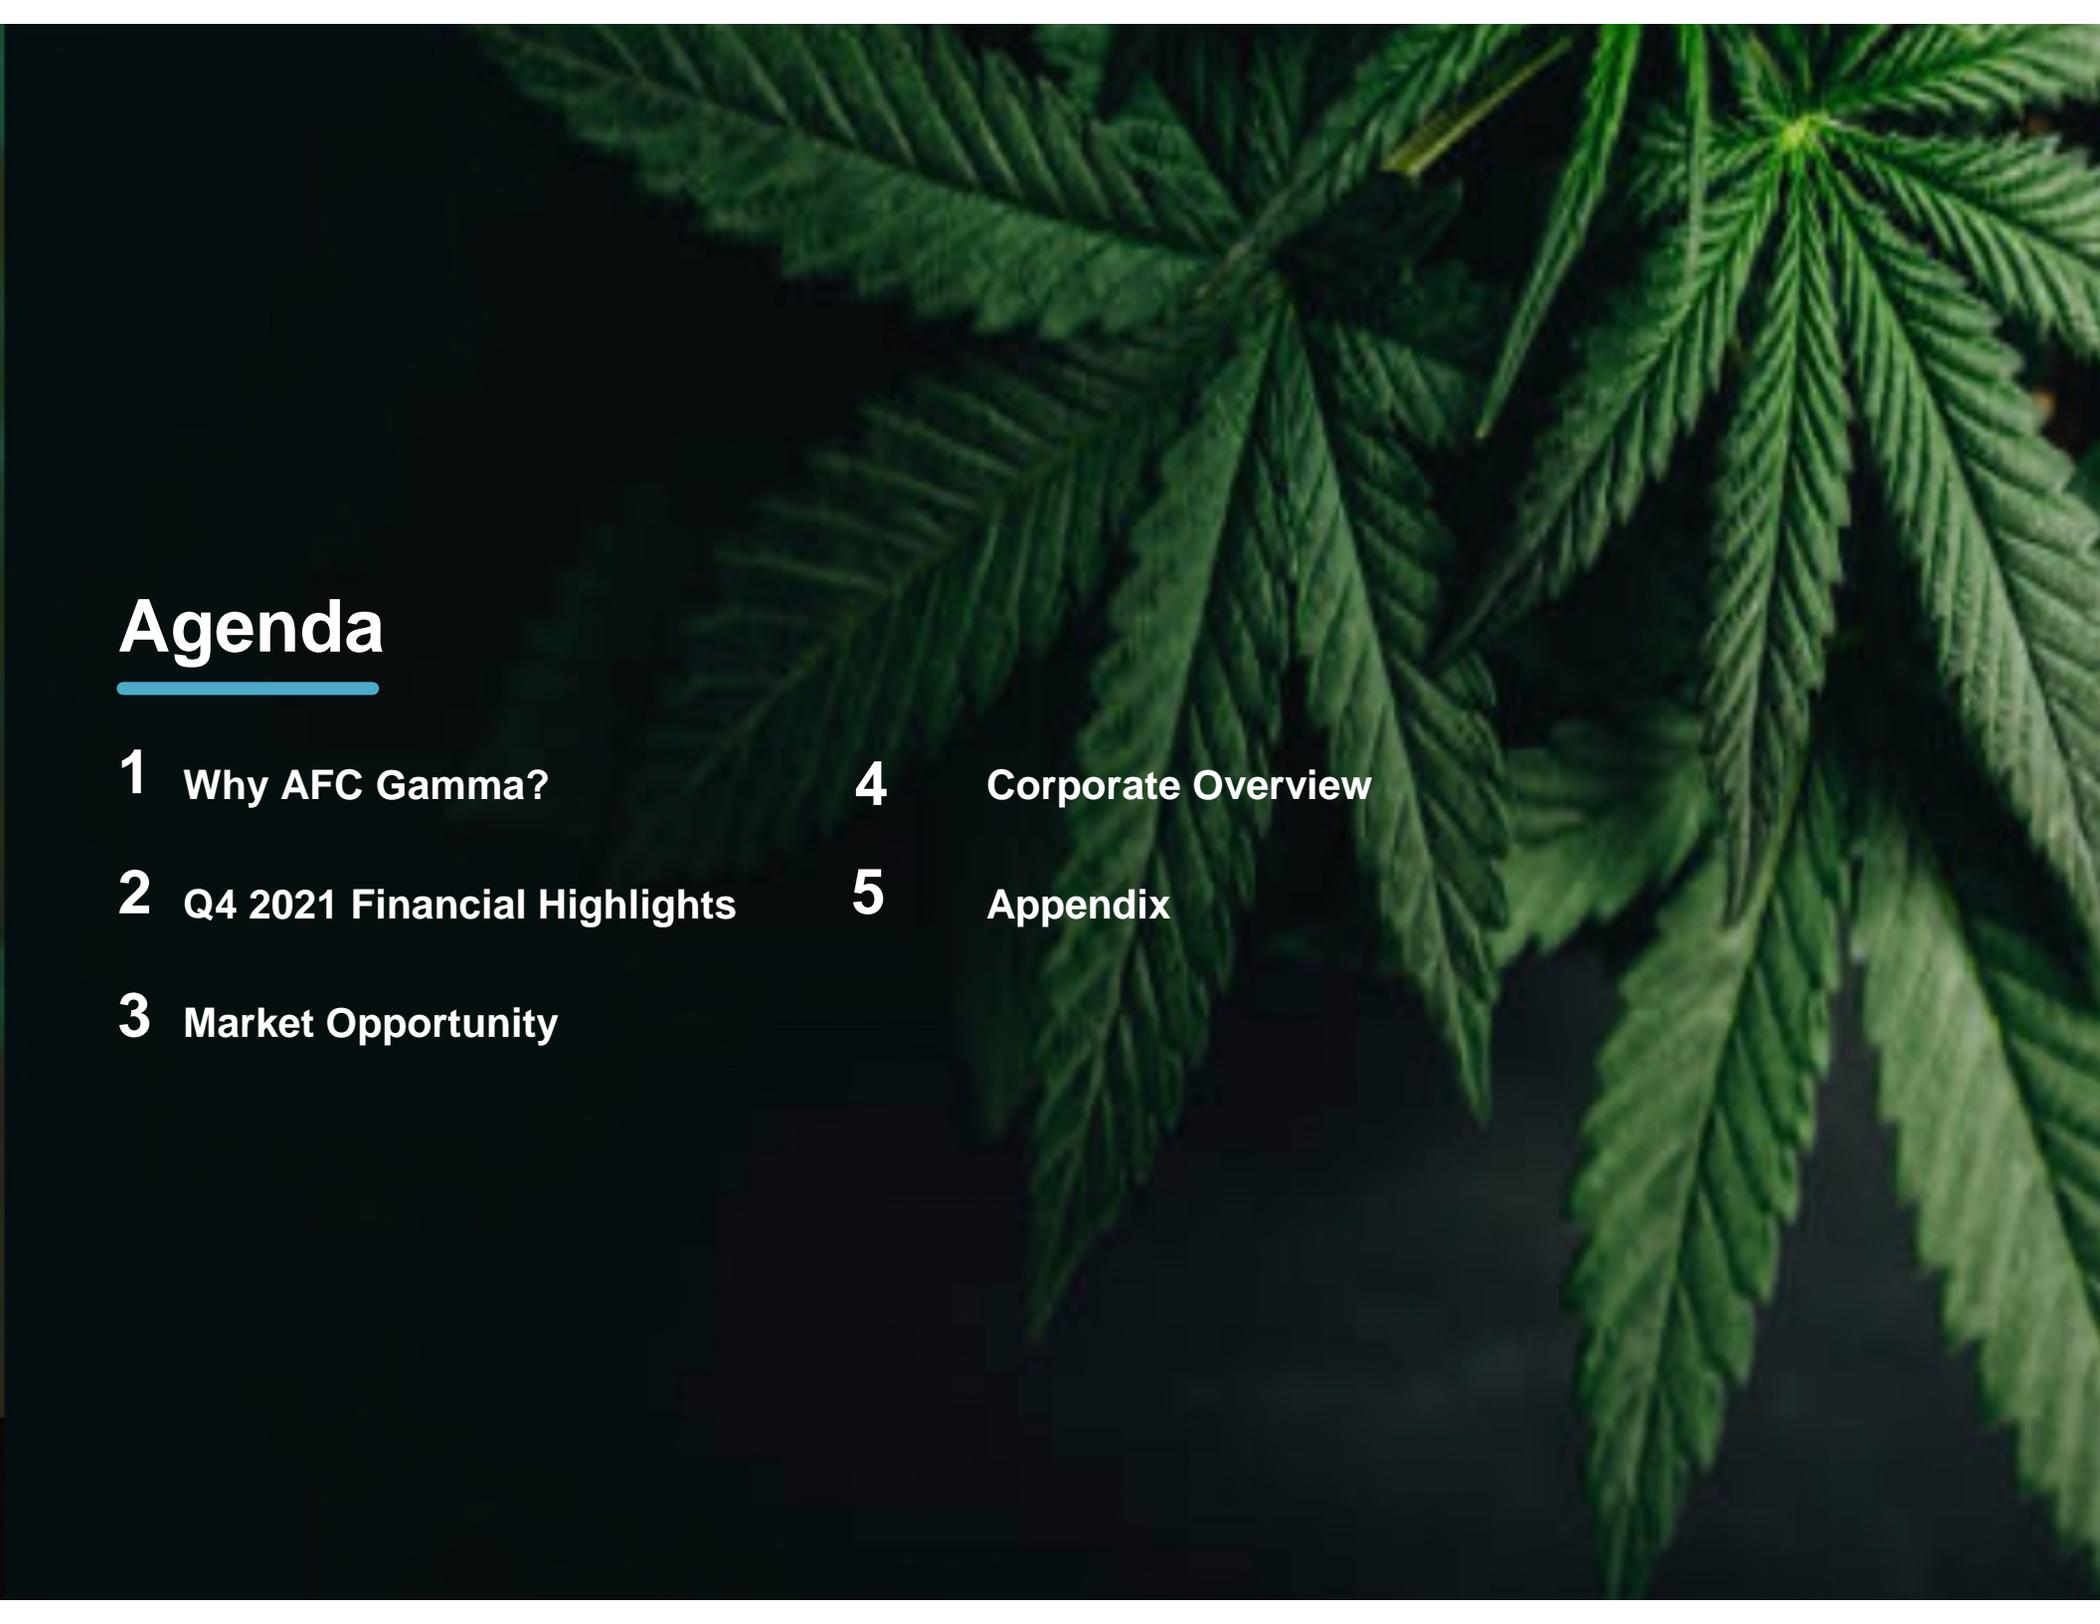

Non-GAAP Financial Measures

This presentation includes certain non-GAAP financial measures, including Distributable Earnings to evaluate our performance excluding the effects of certain transactions and certain GAAP adjustments that we believe are not necessarily indicative of our current loan activity and operations. We believe the non-GAAP financial measures are useful for management, investors, analysts, and other interested parties in evaluating our performance but should not be viewed in isolation and are not a substitute for financial measures computed in accordance with GAAP.

The determination of Distributable Earnings is substantially similar to the determination of Core Earnings under our Management Agreement, provided that Core Earnings is a component of the calculation of any Incentive Fees earned under the Management Agreement for the applicable time period, and thus Core Earnings is calculated prior to Incentive Fee expense, while the calculation of Distributable Earnings accounts for any Incentive Fees earned for such time period. We define Distributable Earnings as, for a specified period, the net income (loss) computed in accordance with GAAP, excluding (i) non-cash equity compensation expense, (ii) depreciation and amortization, (iii) any unrealized gains, losses or other non-cash items recorded in net income (loss) for the period, regardless of whether such items are included in other comprehensive income or loss, or in net income (loss); provided that Distributable Earnings does not exclude, in the case of investments with a deferred interest feature (such as OID, debt instruments with PIK interest and zero coupon securities), accrued income that we have not yet received in cash, (iv) provision for current expected credit losses and (v) one-time events pursuant to changes in GAAP and certain non-cash charges, in each case after discussions between our Manager and our independent directors and after approval by a majority of such independent directors.

We caution readers that our methodology for calculating Distributable Earnings may differ from the methodologies employed by other REITs to calculate the same or similar supplemental performance measures, and as a result, our reported Distributable Earnings may not be comparable to similar measures presented by other REITs. We have not provided reconciliations of expected distributable earnings for the future period(s), in reliance on the unreasonable efforts exception provided under Item 10(e)(1)(i)(B) of Regulation S-K. We are unable, without unreasonable efforts, to forecast certain items required to develop meaningful comparable GAAP financial measures. These items include changes in unrealized gains, non-cash equity compensation expenses and the impact of non-cash adjustments for current expected credit losses that are difficult to predict in advance in order to include in a GAAP estimate.

Please see the section entitled "Reconciliation of Distributable Earnings to GAAP Net Income" in the attached Appendix C for a reconciliation to the most directly comparable GAAP financial measures.

Why AFC Gamma?

Backed by years of combined lending expertise and real estate experience, AFC Gamma is well-positioned in the high-growth cannabis industry

A Leading Institutional Loan Origination Platform

- A premier financing source for cannabis operators
- Extensive loan sourcing, underwriting, structuring and portfolio management expertise
- Current Commitments of ~\$430 million and Outstanding Principal Balance of ~\$382 million⁽¹⁾⁽²⁾

Attractive Risk-Adjusted Returns on Investment

- Attractive supply-demand imbalance created by constrained financing environment
- Targeting loans with gross yields within the range of 12% to 20%, with an estimated weighted average yield-to-maturity of ~19% on the existing portfolio⁽¹⁾

Rapidly Growing Addressable Market

- First-mover advantage results in capturing market share and establishing long-term client relationships
- Total U.S. legal cannabis market increased to \$24.0 billion in 2021, an increase of 29%⁽³⁾
- U.S. retail sales projected to rise to between \$38.4 billion and \$45.9 billion by 2025⁽⁴⁾

Strong Balance Sheet

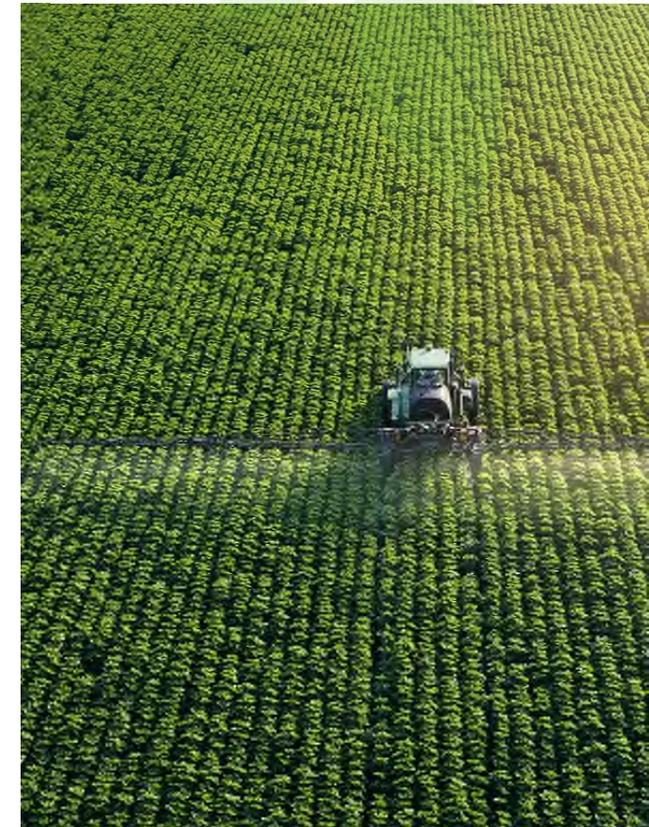

- Stringent and highly disciplined underwriting, combined with an unwavering focus on underlying real estate value, resulting in a high-quality portfolio
- Low leverage balance sheet and strong real estate, cash flow and license coverage across the portfolio
- Raised \$100 million Senior Notes due 2027 in Q4 2021

(1) As of March 4, 2022.

(2) Current Commitments represents the total committed principal value at closing of our outstanding loans. Outstanding Principal Balance represents the current principal value of our outstanding loans, which includes impact from amortizations, repayments and capitalized Payment In Kind ("PIK") payments.

AFCG Company Overview

A Premier Commercial Mortgage REIT
NASDAQ: AFCG

- AFC Gamma, Inc. is a leading NASDAQ-listed provider of institutional loans to the cannabis industry
- Originates and funds loans to established cannabis operators in states with attractive licensing and favorable supply/demand environments
- Objective is to provide compelling risk-adjusted returns with loans that typically include amortization and/or cash flow sweeps, significant collateral and favorable pricing, driving average annual gross yields of approximately 12% – 20%
- Robust investment review process including market research, management underwriting and in-depth due diligence⁽³⁾
- Founded in July 2020 by veteran investor Leonard Tannenbaum
- Collectively, the management team has directly structured over \$10 billion in loan transactions and taken four companies public
- AFCG received a BBB+ investment grade rating from Egan-Jones in October 2021

Potential Reform at the Federal Level⁽³⁾

The SAFE Banking Act

- The SAFE Banking Act would protect the business banking practices (i.e., all lenders and depository institutions) of those operating legally under state law
- Money from state-legal cannabis companies would not be considered as proceeds of a crime, as state-legal cannabis would be carved out of enumerated unlawful activities

The MORE Act & Other Initiatives

- The MORE Act would end criminalization of cannabis at the federal level by removing it from the list of controlled substances
- In February 2021, the Senators Booker, Wyden and Schumer announced a plan to introduce cannabis reform legislation that would ensure restorative justice, protect public health and implement responsible taxes and regulations to the cannabis industry

AFCG's Market Opportunity

Limited Supply of Capital

- Institutional banks generally decline to provide full services to marijuana-related businesses
- Alternative sources of financing are needed to complete commitments, allowing lenders to demand strong risk-adjusted returns with significant collateral

Market Challenges for Operators

- Stringent state-by-state regulations and lengthy license approval processes
- Costly and complex distribution process
- Current sizable illicit market in legalized cannabis states

Opportunistic Solutions

- Rapidly growing industry combined with high-quality cannabis operators running capital-intensive businesses that face significant hurdles accessing capital provides opportunities for AFCG, as a leading U.S. publicly-traded lender focused on the industry

From Origination to Management

Given our commitment to sourcing loans with high return potential and controlled risk, AFCG is involved in all key phases of the lending process

1 Origination

AFCG maintains a direct-origination platform, which works to create enhanced yields and allows us to put in greater controls for loans that AFCM originates and structures. The platform drives increased deal flow, which provides for improved selectivity

2 Underwriting

AFCG screens potential deals based on four criteria: company financial strength, the in-state environment for cannabis, regulatory/license value considerations, and property-value metrics⁽¹⁾

3 Investment Committee

Our Investment Committee focuses on managing risk via a comprehensive company analysis. Approval from the committee is required for each loan before commitment papers are issued

4 Ongoing Review

Our investment team works alongside external counsel to negotiate loan documents, with an emphasis on financial covenants and a limitation of actions that may be adverse to lenders. Once the loan is funded, we monitor the company's performance over the life of the loan

AFC Gamma's Underwriting Criteria

Borrower & Operations

- Type of operations – cultivation, processing, manufacturing and distribution
- Mix analysis – wholesale vs. retail
- State regulatory approval
- Quality of management – cultivation experience and financial expertise, among other factors
- Brand analysis – owned brands or produce for others
- Quality control analysis – testing, operational procedures, remediation procedures
- Construction projects – historical ability to hit budget and timeline

Loan Analysis

- Loan size and capital structure overview – current and pro forma
- Loan economics – interest rate, original issue discount (“OID”), exit fees, prepayment penalties, etc.
- Loan security – real estate, licenses, parent guaranty, cash flow, trademarks, etc.
- Thorough covenant analysis and remedies to breach
- Review of the agent and participants in the syndication process
- Risks and mitigants of the loan – credit risk, business risk, structure risk, etc.
- Assigned Rights are sold concurrently with closing and recognized as additional OID

Real Estate & Structure

- Type of cultivation (outdoor, greenhouse, indoor), processing capabilities, and distribution abilities
- Size, construction, and suitability of the facility
- Total land and hard/soft costs analysis to determine total basis and estimate replacement costs
- Visual and/or physical site visit to inspect the land, facilities, and specific systems in use
- Real estate metrics:
 - Loan to Cost
 - Loan to Value

Financial Analysis & Metrics

- Historical and projected cash flow analysis
- Capital structure analysis – current and pro forma
- Loans are structured with covenants such as maximum leverage ratio, debt service coverage ratio, fixed charge coverage ratio, minimum EBITDA, and minimum cash
- Cost per gram of the product
- Full financial model – vertically integrated, wholesaler, distributor, etc.
- Quality of earnings report

State-by-State Analysis

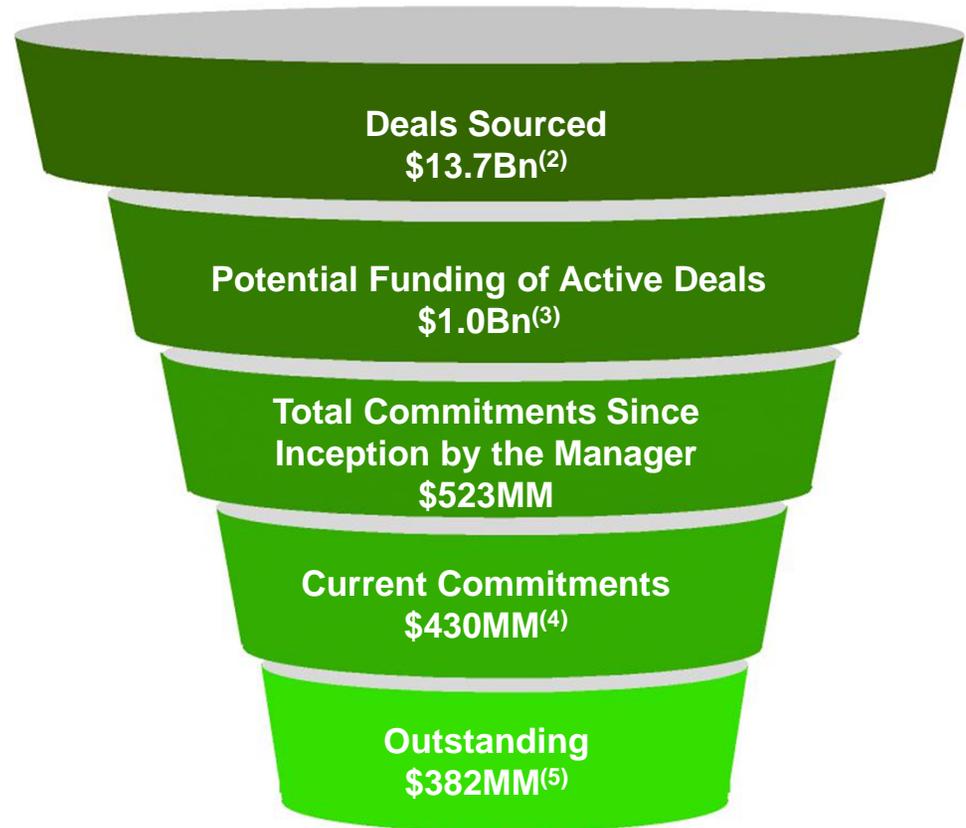

- Legislative environment of every state a company operates within
- Probability analysis of legislative changes in each state
- Growing conditions and seasonality within the state
- Local planning and permits
- Current political climate and importance of cannabis
- License dynamics – number and type (vertical, single)

License Analysis

- Fully examine the licenses owned in each state
- Review the licenses under application in each state
- Evaluate the transferability of license(s) held by the company
- Analyze the valuation and marketplace for licenses in each state

AFC Gamma Maintains a Strong Deal Funnel and Pipeline⁽¹⁾

Through AFC Gamma's direct origination platform, AFCG continues to source deals across the cannabis industry in various states and maintains a robust pipeline of active opportunities

(1) All company data as of March 4, 2022.

(2) Represents deals sourced by AFCG's manager from January 1, 2020 through March 4, 2022.

(3) Includes potential syndications.

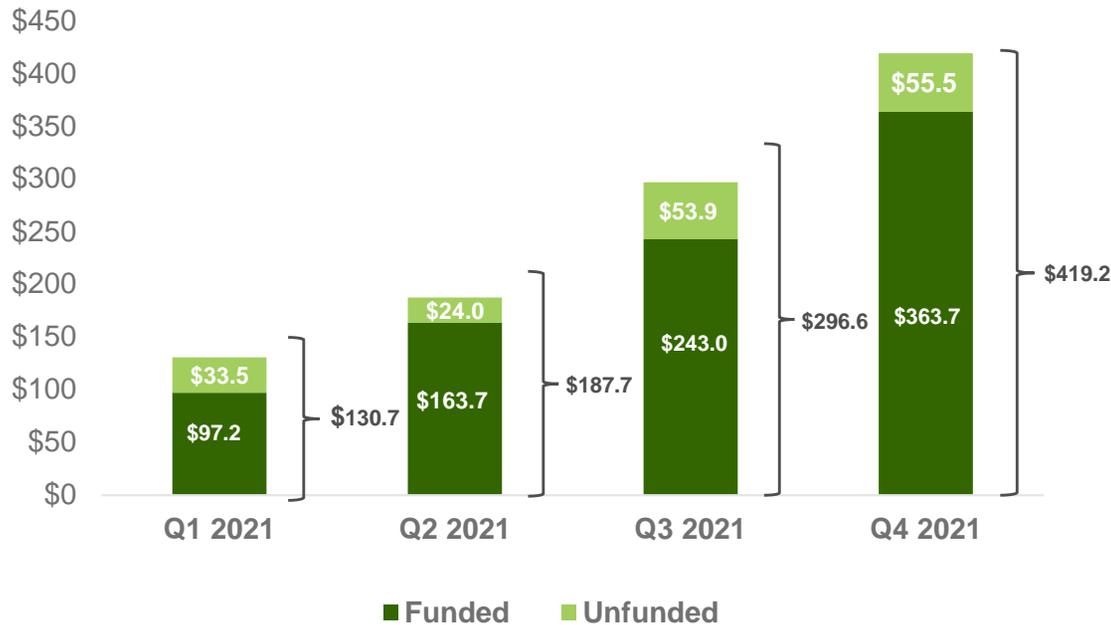

(4) Current Commitments represents the total committed principal value at closing of our outstanding loans.

(5) Outstanding Principal Balance represents the current principal value of our outstanding loans, which includes impact from amortizations, repayments and capitalized PIK payments.

Investment Portfolio Activity

Current Commitments⁽¹⁾ (in millions)

Weighted average yield to maturity of

~19%

as of March 4, 2022⁽²⁾

(1) Current Commitments represents the total committed principal value at closing of our outstanding loans (as of March 31, 2021, June 30, 2021, September 30, 2021 and December 31, 2021).
 (2) Estimated YTM calculations require management to make estimates and assumptions, including, but not limited to, the timing and amounts of loan draws on delayed draw loans, the timing collectability of exit fees, the probability and timing of prepayments and the probability of contingent features occurring. For example, our credit agreements with certain borrowers contain provisions pursuant to which certain PIK interest rates and fees earned by us under such credit agreements will decrease upon the satisfaction of certain specified criteria, which we believe may improve the risk profile of the applicable borrower. To be conservative, we have not assumed any prepayment penalties or early payoffs in our estimated YTM calculation. Estimated YTM is based on current management estimates and assumptions, which may change. Actual results could differ from those estimates and assumptions.

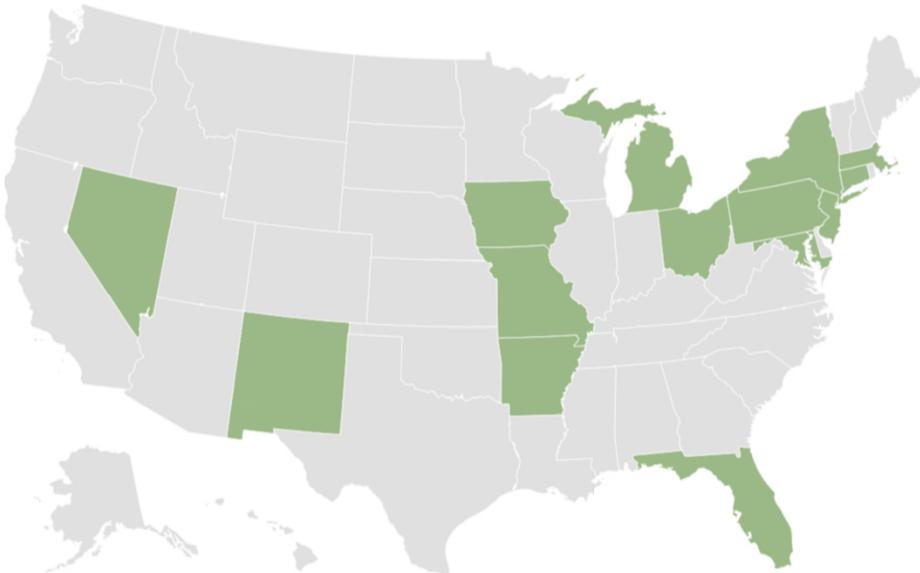

Diversified Portfolio Across Geography Type

Cannabis is a rapidly expanding market with a limited supply of institutional capital

38 states + DC have legalized medical cannabis; of those, 18 states + DC have legalized adult use cannabis and 2 states have legalized high-CBD, low-THC medical programs⁽¹⁾

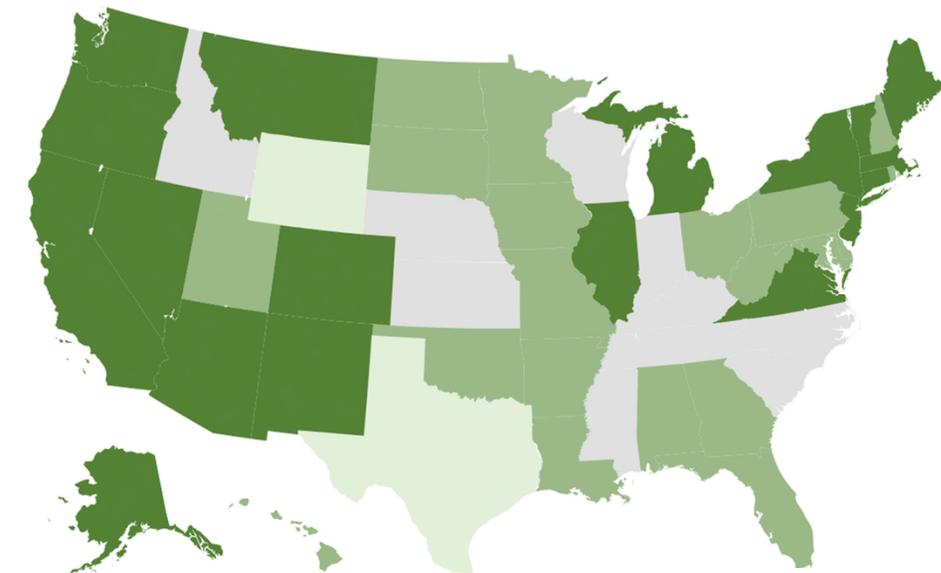

AFCG's loan portfolio includes 15 loans across 16 states as of March 4, 2022

AFCG Portfolio Diversification⁽²⁾

• States with AFCG operations and/or collateral supporting loans

Current Legalization by State

• Legalized • Medical Only • High-CBD/Low-THC Medical Programs • Illegal

(1) The 2018 Farm Bill permits state regulation of the increased cannabidiol (“CBD”) and lower tetrahydrocannabinol (“THC”) programs.

Wtd Average

* Represents period beginning January 1, 2020 through March 4, 2022.

- (1) All loans originated prior to July 31, 2020 were purchased from an affiliated entity at fair value which approximated accreted and/or amortized cost plus accrued interest on July 31, 2020.
- (2) Estimated YTM includes a variety of fees and features that affect the total yield, which may include, but is not limited to, OID, exit fees, prepayment fees, unused fees and contingent features. OID is recognized as a discount to the funded loan principal and is accreted to income over the term of the loan. Loans originated before July 31, 2020 were acquired by us, net of unaccreted OID, which we accrete to income over the remaining term of the loan. In some cases, additional OID is recognized from additional purchase discounts attributed to the fair value of equity positions that were separated from the loans prior to our acquisition of such loans. The estimated YTM calculations require management to make estimates and assumptions, including, but not limited to, the timing and amounts of loan draws on delayed draw loans, the timing collectability of exit fees, the probability and timing of prepayments and the probability of contingent features occurring. For example, certain credit agreements may contain provisions pursuant to which certain PIK interest rates and fees earned by us under such credit agreements will decrease upon the satisfaction of certain specified criteria which we believe may improve the risk profile of the applicable borrower. To be conservative, we have not assumed any prepayment penalties or early payoffs in our estimated YTM calculation. Estimated YTM is based on current management estimates and assumptions, which may change. Actual results could differ from those estimates and assumptions.
- (3) Estimated YTM for the loans with Public Co. A, Private Co. A, Private Co. D, and Private Co. E is enhanced by purchase discounts attributed to the fair value of equity warrants that were separated from the loans prior to our acquisition of such loans. The purchase discounts accrete to income over the respective remaining terms of the applicable loans.
- (4) Loans to Sub. Of Public Co. D and Public Co. E do not reflect each borrower's option to request a maturity extension for an additional 364 days from the respective original loan maturity date, each of which we are not obligated to grant.
- (5) Cash Interest and PIK rates for Private Co. G represents a blended rate of the three tranches with differing rates
- (6) Loan to Subsidiary of Private Co. H does not reflect the borrower's option to request up to two maturity extensions each for an additional six months from the then-existing loan maturity date. The first extension, which is available at the borrower's sole option, is subject to a payment of a 2.0% fee. The second extension is subject to the approval of all lenders.
- (7) PIK rate for Private Co. A represents a blended rate of the two tranches with differing rates.
