Forward-Looking Statements

This presentation contains certain statements that are forward-looking within the meaning of the Private Securities Litigation Reform Act of 1995. These statements are not guarantees of future performance and involve certain risks, uncertainties, and assumptions that are difficult to predict. Actual outcomes and results may differ materially from those expressed in, or implied by, our forward-looking statements. Words such as "expects," "intends," "targets," "anticipates," "believes," "estimates," "guides," "provides guidance," "provides outlook," "frojects," "designed to," and other similar expressions or future or conditional verbs such as "may," "will," "should," "would," "could," and "might" are intended to identify such forward-looking statements. Readers of this press release of The Western Union Company should not rely solely on the forward-looking statements and should consider all uncertainties and risks discussed in the Risk Factors section and throughout the Annual Report on Form 10-K for the year ended December 31, 2022. The statements are only as of the date they are made, and the Company undertakes no obligation to update any forward-looking statement.

Possible events or factors that could cause results or performance to differ materially from those expressed in our forward-looking statements include the following: (i) events related to our business and industry, such as: changes in general economic conditions and economic conditions in the regions and industries in which we operate, including global economic downturns and trade disruptions, or significantly slower growth or declines in the money transfer, payment service, and other markets in which we operate, including downturns or declines related to interruptions in migration patterns or other events, such as public health emergencies, epidemics, or pandemics, such as COVID-19, civil unrest, war, terrorism, natural disasters, or non-performance by our banks, lenders, insurers, or other financial services providers; failure to compete effectively in the money transfer and payment service industry, including among other things, with respect to price or customer experience, with global and niche or corridor money transfer providers, banks and other money transfer and payment service providers, including digital, mobile and internet-based services, card associations, and card-based payment providers, and with digital currencies and related exchanges and protocols, and other innovations in technology and business models; geopolitical tensions, political conditions and related actions, including trade restrictions and government sanctions, which may adversely affect our business and economic conditions as a whole, including interruptions of United States or other government relations with countries in which we have or are implementing significant business relationships with agents, clients, or other partners; deterioration in customer confidence in our business, or in money transfer and payment service providers generally; failure to maintain our agent network and business relationships under terms consistent with or more advantageous to us than those currently in place; our ability to adopt new technology and develop and gain market acceptance of new and enhanced services in response to changing industry and consumer needs or trends; mergers, acquisitions, and the integration of acquired businesses and technologies into our Company, divestitures, and the failure to realize anticipated financial benefits from these transactions, and events requiring us to write down our goodwill; decisions to change our business mix; changes in, and failure to manage effectively, exposure to foreign exchange rates, including the impact of the regulation of foreign exchange spreads on money transfers and payment transactions; changes in tax laws, or their interpretation, any subsequent regulation, and unfavorable resolution of tax contingencies; any material breach of security, including cybersecurity, or safeguards of or interruptions in any of our systems or those of our vendors or other third parties; cessation of or defects in various services provided to us by third-party vendors; our ability to realize the anticipated benefits from restructuring-related initiatives, which may include decisions to downsize or to transition operating activities from one location to another, and to minimize any disruptions in our workforce that may result from those initiatives; our ability to attract and retain qualified key employees and to manage our workforce successfully; failure to manage credit and fraud risks presented by our agents, clients, and consumers; adverse rating actions by credit rating agencies; our ability to protect our trademarks, patents, copyrights, and other intellectual property rights, and to defend ourselves against potential intellectual property infringement claims; material changes in the market value or liquidity of securities that we hold; restrictions imposed by our debt obligations; (ii) events related to our regulatory and litigation environment, such as: liabilities or loss of business resulting from a failure by us, our agents, or their subagents to comply with laws and regulations and regulatory or judicial interpretations thereof, including laws and regulations designed to protect consumers, or detect and prevent money laundering, terrorist financing, fraud, and other illicit activity; increased costs or loss of business due to regulatory initiatives and changes in laws, regulations and industry practices and standards, including changes in interpretations, in the United States and abroad, affecting us, our agents or their subagents, or the banks with which we or our agents maintain bank accounts needed to provide our services, including related to anti-money laundering regulations, anti-fraud measures, our licensing arrangements, customer due diligence, agent and subagent due diligence, registration and monitoring requirements, consumer protection requirements, remittances, immigration, and sustainability reporting, including climaterelated reporting; liabilities, increased costs or loss of business and unanticipated developments resulting from governmental investigations and consent agreements with or enforcement actions by regulators; liabilities resulting from litigation, including class-action lawsuits and similar matters, and regulatory enforcement actions, including costs, expenses, settlements, and judgments; failure to comply with regulations and evolving industry standards regarding consumer privacy, data use, the transfer of personal data between jurisdictions, and information security, including with respect to the General Data Protection Regulation in the European Union and the California Consumer Privacy Act; failure to comply with the Dodd-Frank Wall Street Reform and Consumer Protection Act, as well as regulations issued pursuant to it and the actions of the Consumer Financial Protection Bureau and similar legislation and regulations enacted by other governmental authorities in the United States and abroad related to consumer protection and derivative transactions; effects of unclaimed property laws or their interpretation or the enforcement thereof; failure to maintain sufficient amounts or types of regulatory capital or other restrictions on the use of our working capital to meet the changing requirements of our regulators worldwide; changes in accounting standards, rules and interpretations, or industry standards affecting our business; (iii) other events, such as catastrophic events; and management's ability to identify and manage these and other risks.

Earnings per share, adjusted (non-GAAP) (\$- dollars)		\$	1.68	\$	1.75		

- (j) Represents the impact from the fluctuation in exchange rates between all foreign currency denominated amounts and the United States dollar. Constant currency results exclude any benefit or loss caused by foreign exchange fluctuations between foreign currencies and the United States dollar, net of foreign currency hedges, which would not have occurred if there had been a constant exchange rate.
- (k) Earnings before Interest, Taxes, Depreciation, and Amortization ("EBITDA") results from taking operating income and adjusting for depreciation and amortization expenses. EBITDA results provide an additional performance measurement calculation which helps neutralize the operating income effect of assets acquired in prior periods.
- (l) Represents the impact from expenses incurred in connection with the Company's acquisition and divestiture activity, including for the review and closing of these transactions. Also includes costs associated with the divestiture of the Business Solutions business, primarily related to severance and non-cash impairments of property and equipment and an operating lease right-of-use asset.
- (m) During 2021, the Company entered into an agreement to sell its Business Solutions business to Goldfinch Partners LLC and The Baupost Group LLC (collectively, the "Buyer"). The sale was completed in three closings, the first of which occurred on March 1, 2022 with the entirety of the cash consideration collected at that time and allocated to the closings on a relative fair value basis. The first closing excluded the operations in the European Union and the United Kingdom and resulted in a gain of \$151.4 million. The second closing, which included the United Kingdom operations, occurred on December 31, 2022 and resulted in a gain of \$96.9 million. The final closing, which included the European Union operations, occurred on July 1, 2023 and resulted in a gain of \$18.0 million. Revenues have been adjusted to exclude the carved out financial information for the Business Solutions business to compare the year-over-year changes and trends in the Company's continuing businesses, excluding the effects of this divestiture. While the sale of the Company's Business Solutions business does not qualify for or represent discontinued operations, the Company has also adjusted operating income, beginning in the first quarter of 2022 and concurrent with the sale, to exclude the carved out direct profit of the Business Solutions business. The operations of the Business Solutions business sold continued to be included in Revenues and Operating income until their respective closings. However, between the first and final closings, the Company was required to pay the Buyer a measure of the profits from these operations, while owned by the Company, adjusted for other charges, and this expense was recognized in Other expense, net. Therefore, the Company has also excluded the gain on the sale, net of related taxes, from its results.
- (n) Represents the exit costs incurred in connection with the Company's suspension of its operations in Russia and Belarus primarily related to severance and non-cash impairments of property and equipment, an operating lease right-of-use asset, and other intangible assets.

- (o) Represents non-cash reversals of significant uncertain tax positions. While the Company continues to reverse its uncertain tax positions upon settlements with taxing authorities, the lapse of the applicable statute of limitations, and other events, the Company has excluded certain reversals of uncertain tax positions in the third and fourth quarter of 2022 because of the significance of these reversals on its reported results.
- (p) Represents severance, expenses associated with streamlining the Company's organizational and legal structure, and other expenses associated with the Company's program to redeploy expenses in its cost base through optimizations in vendor management, real estate, marketing, and people strategy as previously announced in October 2022. Previous expenses incurred under the program included non-cash impairments of operating lease right-of-use assets and property and equipment. The expenses are not included in the measurement of segment operating income provided to the Chief Operating Decision Maker for purposes of performance assessment and resource allocation.
- (q) Adjusted EBITDA results used in the gross and net leverage ratio calculations provide an additional liquidity measurement which helps neutralize the effects of assets acquired in prior periods.
- (r) Leverage ratio is computed by dividing borrowings by adjusted EBITDA for the trailing twelve months, and net leverage ratio is computed by dividing borrowings, less cash and cash equivalents, by adjusted EBITDA for the trailing twelve months. Both ratios are used by management to understand the Company's level of borrowings relative to historical adjusted EBITDA.

Thank you.
