See notes on accompanying page.

(1) Through January 31, 2021, including the \$155M of reinsurance coverage provided directly by a panel of reinsurers mentioned below in Notes (8), (9), (10), and (11), Arch Mortgage Insurance Company and United Guaranty Residential Insurance Company ("UGRIC") (together, "Arch MI" or the "Company"), has entered into various aggregate excess of loss mortgage reinsurance agreements with special purpose reinsurance companies ("SPRs") domiciled in Bermuda (the "Bellemeade Agreements"). The SPRs are not subsidiaries or affiliates of the Company. Based on applicable accounting guidance, the Company does not consolidate the SPRs in its consolidated financial statements.

(2) An immaterial number of loans in each transaction have coverage dates outside of the indicated ranges.

(3) Policies between 2005 and 2008 were issued by UGRIC; Policies through 2015 were issued by both UGRIC and Arch Mortgage Insurance Company.

(4) Represents the percentage of risk in force that is 60 or more days delinquent.

(5) When delinquency triggers reached then bond amortization stops and coverage remains constant.

(6) Represents the amount of cumulative losses as a percentage of current risk in force that the Company retains prior to the Bellemeade notes absorbing losses.

(7) Represents the amount of cumulative losses as a percentage of current risk in force that must be reached before the Company starts absorbing losses again.

(8) \$450 million was directly funded by Bellemeade Re 2020-1 Ltd. via insurance-linked notes, with an additional \$79 million capacity provided directly to Arch Mortgage Insurance Company and UGRIC by a separate panel of reinsurers. Total initial coverage at issuance date is \$529 million.

(9) \$423 million was directly funded by Bellemeade Re 2020-2 Ltd. via insurance-linked notes, with an additional \$26 million capacity provided directly to Arch Mortgage Insurance Company and UGRIC by a separate panel of reinsurers. Total initial coverage at issuance date is \$449 million.

(10) \$418 million was directly funded by Bellemeade Re 2020-3 Ltd. via insurance-linked notes, with an additional \$34 million capacity provided directly to Arch Mortgage Insurance Company and UGRIC by a separate panel of reinsurers. Total initial coverage at issuance date is \$452 million.

(11) \$321 million was directly funded by Bellemeade Re 2020-4 Ltd. via insurance-linked notes, with an additional \$16 million capacity provided directly to Arch Mortgage Insurance Company and UGRIC by a separate panel of reinsurers. Total initial coverage at issuance date is \$337 million.

(12) The Bellemeade 2020-1, 2020-2, 2020-3, and 2020-4 delinquency triggers are not driven by a static delinquency percentage, but occur when the average sixty-day plus delinquency amount from the prior three periods is equal to or exceeds 75% of all subordinate tranches.

(13) This information regarding delinquencies and cures is reported to the Company from loan servicers. Delinquency reporting, particularly on a monthly basis, may be affected by several factors, including the date on which the report is generated and transmitted to Arch MI, updated information submitted by servicers, and by the timing of servicing transfers.

(14) There is significant overlap among the certificates of insurance covered by Bellemeade 2020-1 and 2020-4; however, the coverage provided by each of these notes is mutually exclusive.
