

4Q22 INVESTOR PRESENTATION

March 2023

Safe Harbor

Forward-looking Statements

This presentation has been prepared by ATRenew Inc. (the “Company”) solely for informational purposes. This presentation contains forward-looking statements within the meaning of the U.S. Private Securities Litigation Reform Act of 1995. These forward-looking statements reflect the Company’s current expectations and projections with respect to, among other things, our financial condition, results of operations, plans, objectives, future performance, and business. These statements may be preceded by, followed by or include the words “aim,” “anticipate,” “believe,” “estimate,” “expect,” “forecast,” “intend,” “likely,” “outlook,” “plan,” “potential,” “project,” “projection,” “seek,” “can,” “could,” “may,” “should,” “would,” “will,” the negatives thereof and other words and terms of similar meaning. Forward-looking statements include all statements that are not historical facts. Such forward-looking statements are subject to various risks and uncertainties. Accordingly, there are or will be important factors that could cause actual outcomes or results to differ materially from those indicated in these statements. Among these factors are risks related to the “Risk Factors” identified in the Company’s F-1 filing with the U.S. SEC. There is no assurance that any forward-looking statements will materialize. You are cautioned not to place undue reliance on forward-looking statements, which reflect expectations only as of this date. The Company does not undertake any obligation to publicly update or review any forward-looking statement, whether as a result of new information, future developments, or otherwise.

Market and Industry Data

This presentation includes information concerning economic conditions, the Company’s industry, the Company’s markets and the Company’s competitive position that is based on a variety of sources, including information from independent industry analysts and publications, as well as the Company’s own estimates and research. The Company’s estimates are derived from publicly available information released by third party sources, as well as data from its internal research, and are based on such data and the Company’s knowledge of its industry, which the Company believes to be reasonable. The independent industry publications used in this presentation were not prepared on the Company’s behalf. While the Company is not aware of any misstatements regarding any information in this presentation, forecasts, assumptions, expectations, beliefs, estimates and projects involve risk and uncertainties and are subject to change based on various factors.

Use of Non-GAAP Measures

This presentation includes certain non-GAAP financial measures when evaluating the Company’s business operations. For details of the use of non-GAAP measures, please refer to “Reconciliations of GAAP and Non-GAAP Results” in the Company’s earnings release and the corresponding Form 6-K furnished with the U.S. SEC.

3 Steps to Our Long-term Mission of Consumer Goods Recycle and Reuse

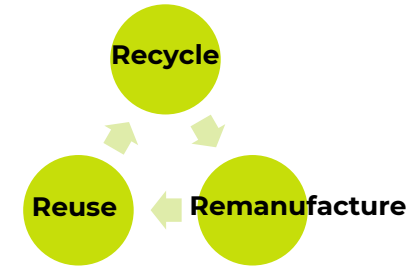

Foundation - Continued growth of electronics business

The largest pre-owned consumer electronics transactions and services platform in China¹

Breakthrough - A national brand for recycling

Increase consumer awareness for recycle and reuse of existing and new categories via 1,920 offline storefronts

Mission - To give a second life to all idle goods

Maximize the value of products and resources

Our Strategy: Increase Recycling Scene Coverage While Enhancing Profitability

City-level service integration

- Enhance 1P sourcing capability and growth momentum via consolidated sourcing capabilities and refined operation on the city level
- Facilitate the recycling of used devices for brands
- **Enlarge market share and penetration**

Retailing refurbished devices

- Guidelines for compliant refurbishment by People's Procuratorate of Shenzhen
- **Widen profit margin for 5%** as we **prioritize direct-to-consumer distribution** through compliant refurbishment

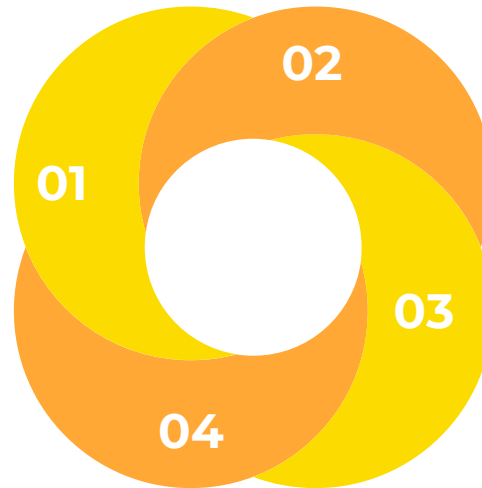

Recycle more categories from stores

- New revenue stream from luxury goods, camera equipment, gold, jewelry, and prestige liquor while satisfying consumers' growing demand for carefree cashback
- **Attract repurchases and improve store unit economics**
- **No excessive capex**

Improve cost efficiency with tech

- Continue to invest in automated inspection technologies for higher inspection accuracy to minimize loss from returns
- **Minimize fulfillment expenses per order**

Overview of AHS Recycle (C2B)

C2B – efficiently sourcing supply of all phone types

AHS Stores are Our Core Consumer Touchpoints

01

Premium recycling experience

02

Trusted face-to-face delivery

03

Established offline trade-in fulfillment infrastructure

04

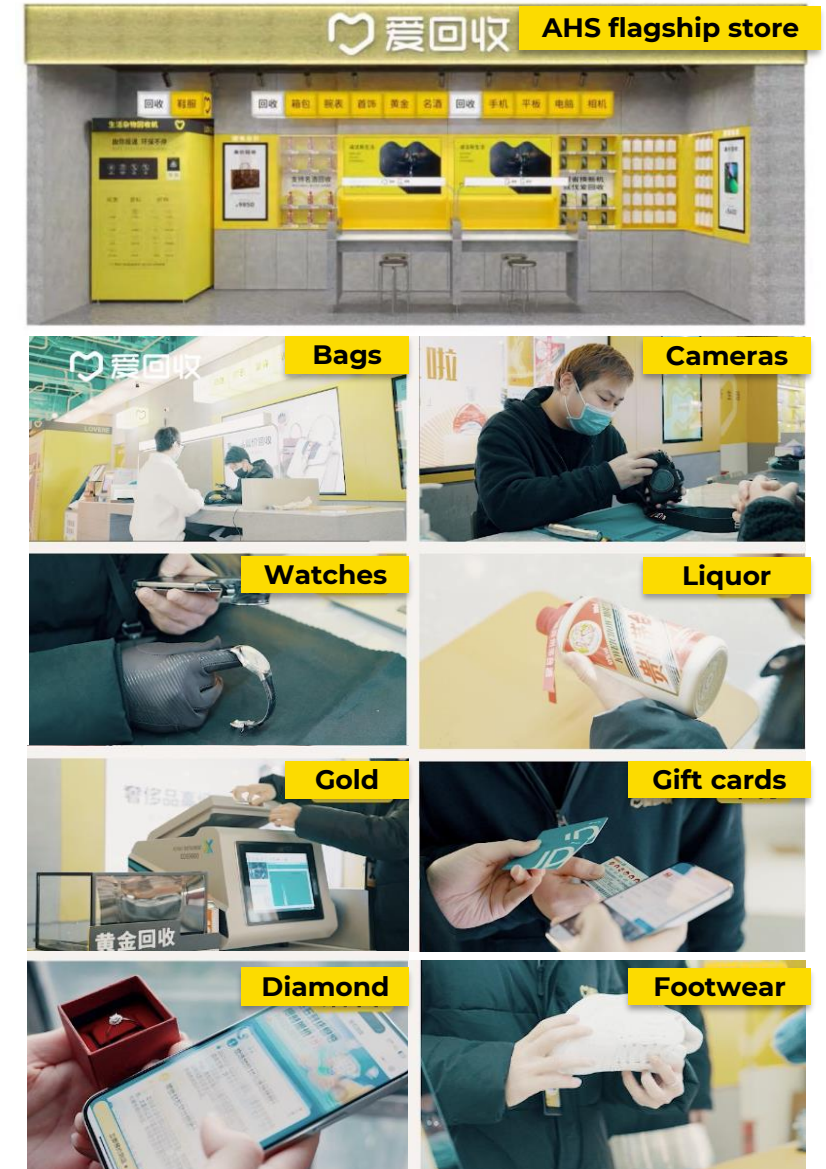

Increased brand awareness

Accelerate New-category Coverage as Pilot Results Speak Up

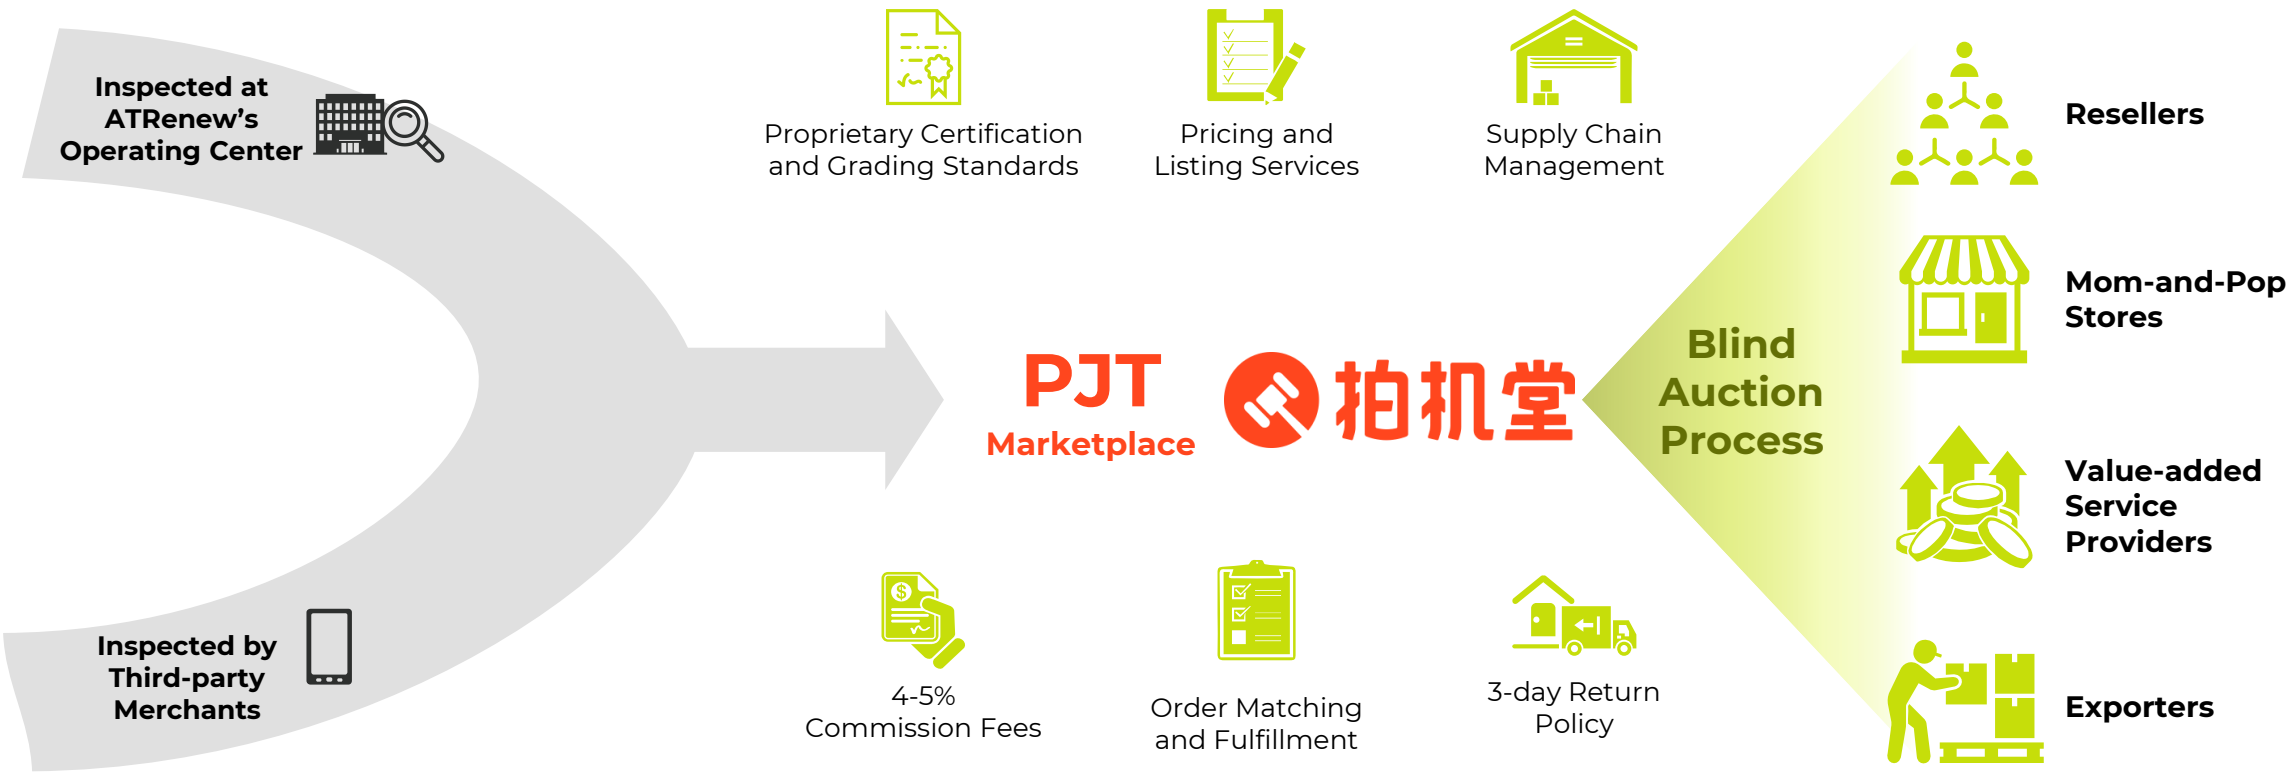

Promote AHS Recycle as a top-of-mind cashback destination.

- **Positioning:** To recycle valuable and popular products
- **Categories:** Luxury goods, camera equipment, gold & jewelry, prestigious liquor, gift card, and clothing & footwear, etc.
- **Supply chain capabilities:**
 - Customer acquisition, fulfillment, and reputation building – done through existing 1,900+ AHS stores and mobile app
 - Own proprietary capabilities for core consumer electronics, pivot to self-operation for luxury goods, and leverage joint-operation for new takes
- **Recent highlight:**
 - Additional monthly GMV of RMB300,000 for each pilot store in 2H22
- **FY23 priorities:**
 - i) User experience, ii) product database, and iii) pricing capability
 - To cover 150 stores in core commercial areas in 1H23

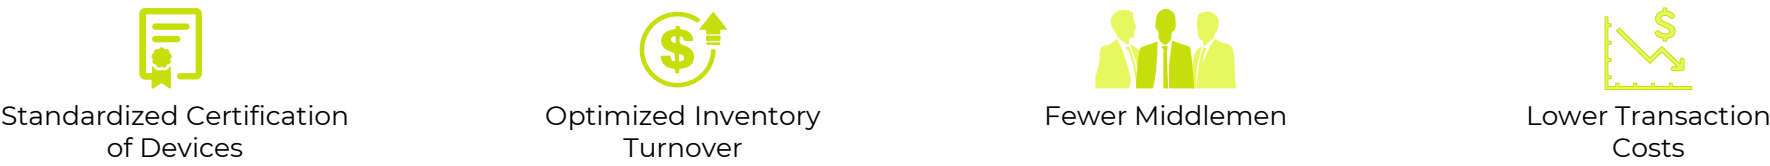

Overview of PJT Marketplace (B2B)

B2B – enabling third-party merchants' trade-in programs and transactions

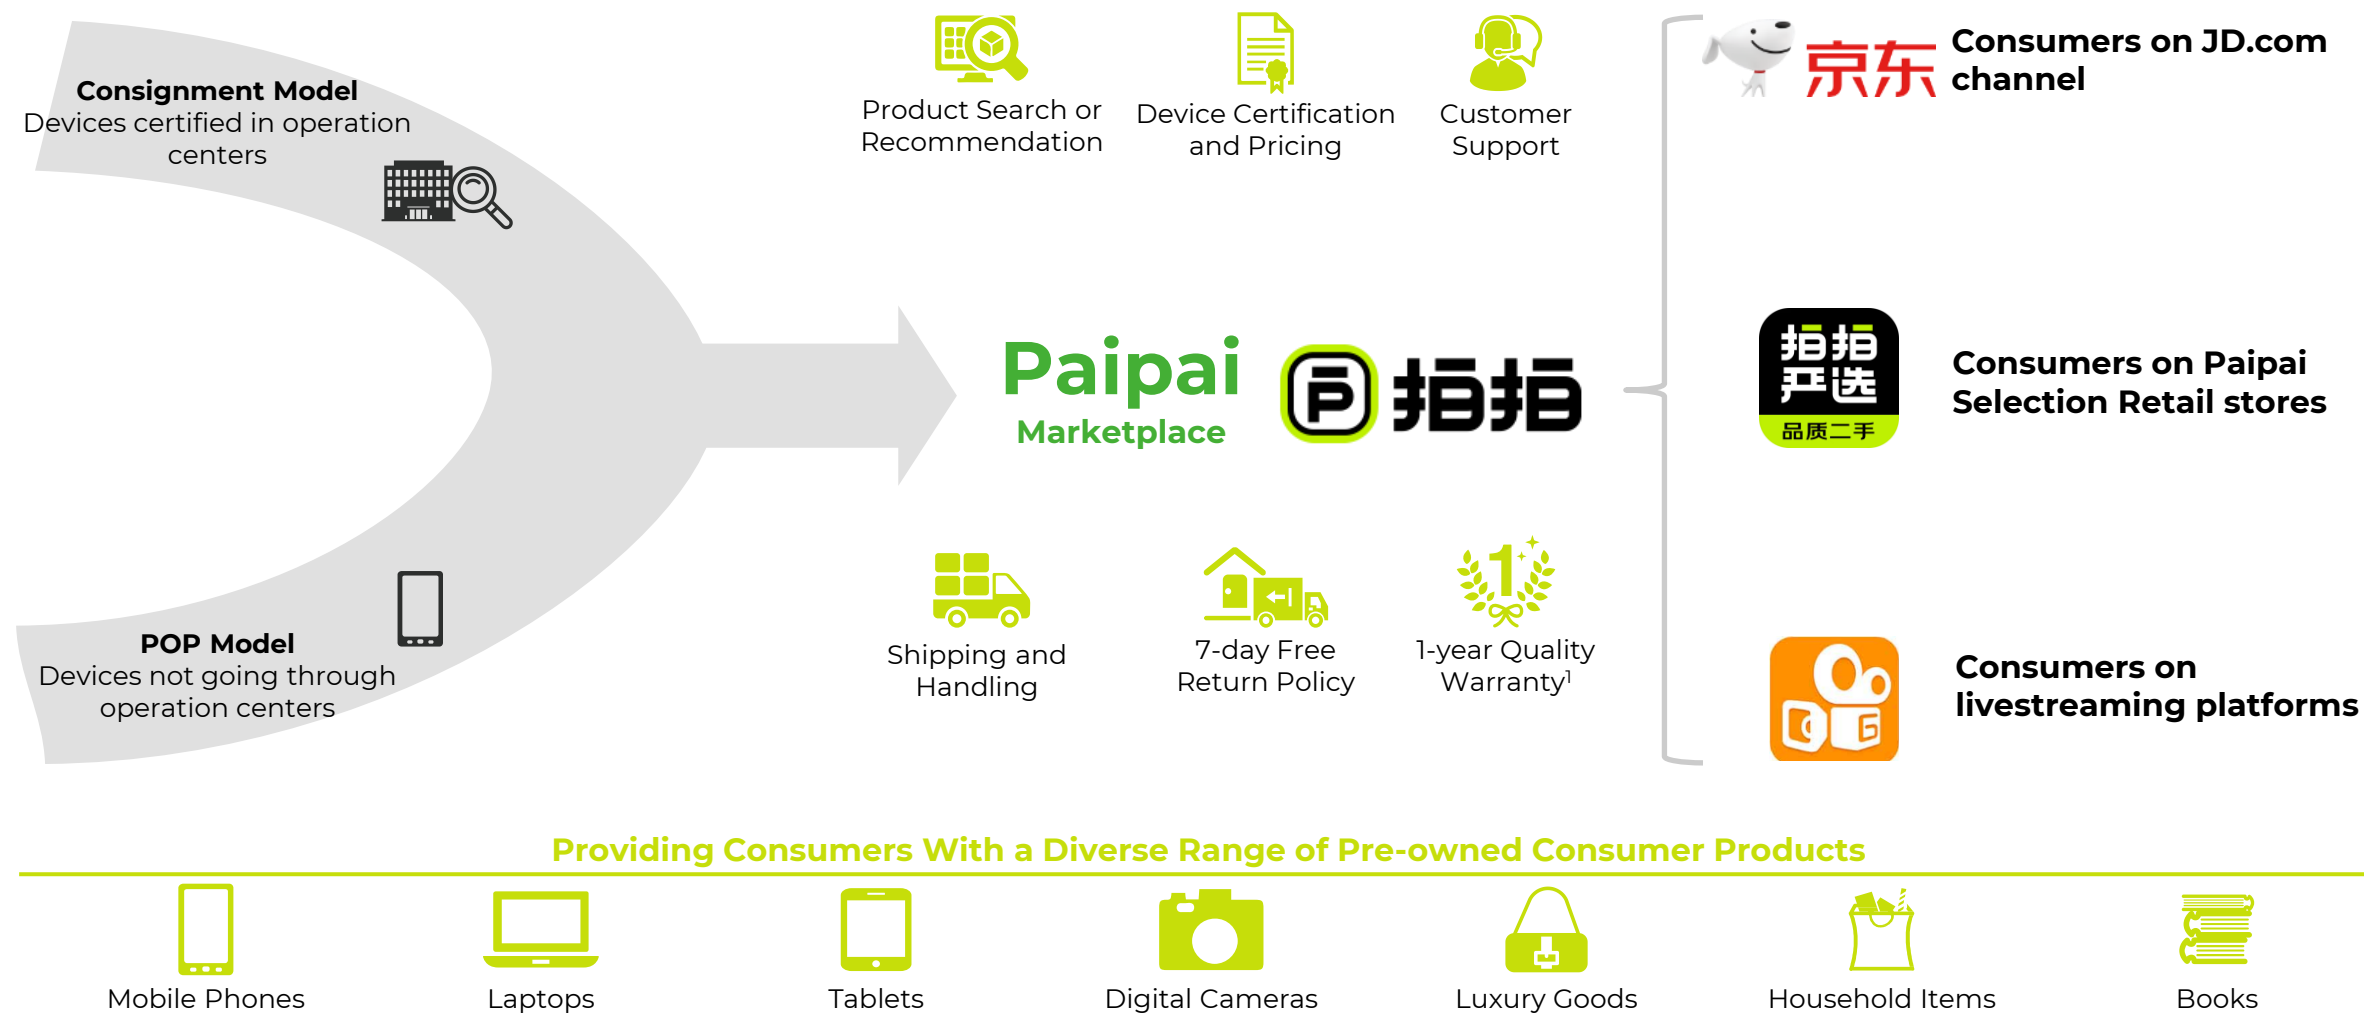

Providing Small Merchants with a Comprehensive Suite of Solutions

Overview of Paipai Marketplace (B2C)

B2C – fulfilling consumers’ demand for quality products and superior experience

Paipai: A Youthful Brand With Innovative Retailing Channels

01 Integrated offline store and mini warehouse

02 In-store livestreaming and sales, and private domain promotion

03 Compliant refurbishment adds value to more 1PtoC retailing

04 Retail arm of the city-level service integration strategy

Access to refurbished phone listings in Paipai Selection flagship store

City-level Service Integration Grid

How we build the grid across multiple business and commercial areas in a city:

Online marketplaces

Commercial areas with heavy foot traffic

City hubs for offline electronics transactions

AHS stores
(recycling network)

Paipai Selection stores
(retail touchpoints with on-site live-streaming)

City-level operation stations
(extend inspection and operation capabilities to local merchants)

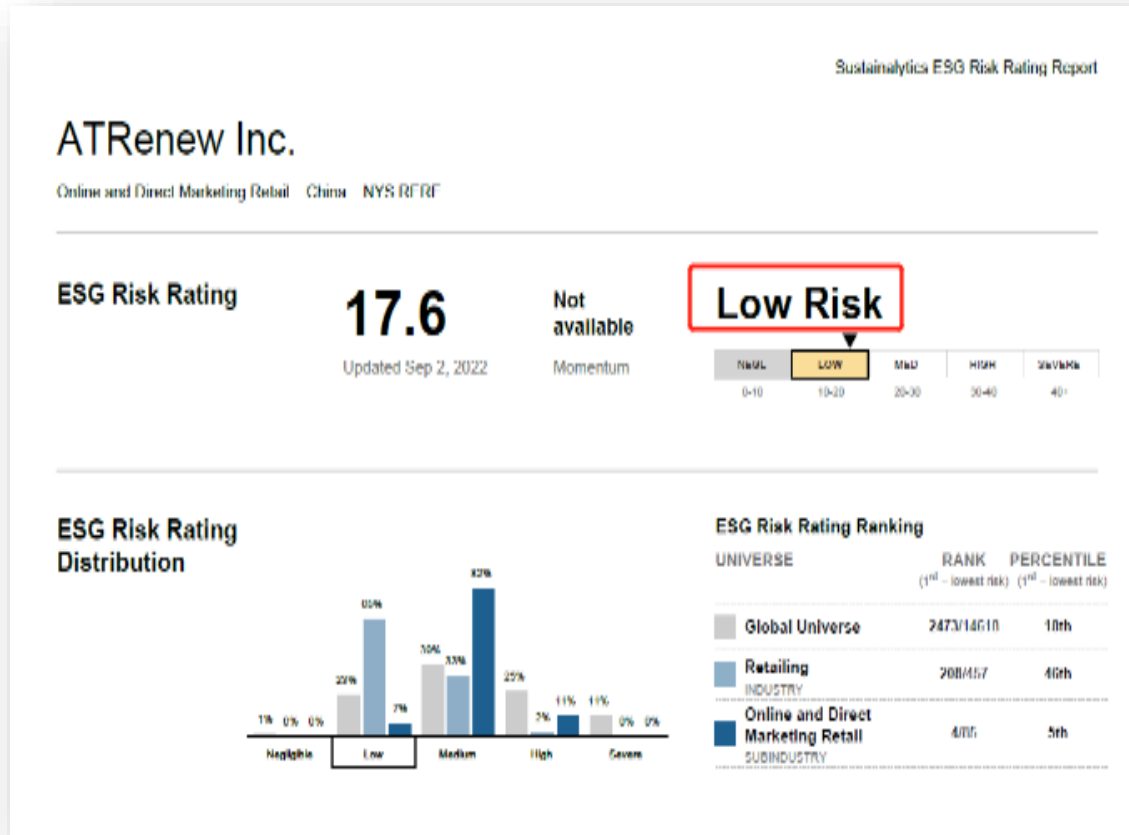

Highly Synergistic Relationship with JD.com

A win-win for new device sales and
used device recycling

Seamless trade-in and recycling solutions
incorporated in JD.com's main site (product page)

Our Continuous Efforts in Compliance and ESG Initiatives

Environmentally Friendly

- Green recycling, transportation and e-waste disposal
- Build a supply chain with manageable carbon footprint
- ISO14001 certified
- Committed to reducing environmental impact - carbon emission intensity reduced by 28.8% in 2021
- 463,692 tonnes of carbon emission reduction in 2021 by giving a second life to used phones

Socially Responsible

- Education initiatives for underprivileged school children
- Anti-COVID donations to local communities
