We caution readers not to place undue reliance on any forward-looking statements included in this document, which speak only as of the date of this document. Note on Non-GAAP Financial Measures

This document includes certain non-GAAP financial measures, including adjusted EPS, organic net sales, adjusted gross profit, adjusted operating profit, adjusted SG&A, adjusted corporate expenses, adjusted gross margin, adjusted operating margin, adjusted effective tax rate, adjusted net income attributable to Conagra Brands, free cash flow, net debt, net leverage ratio, and adjusted EBITDA. Management considers GAAP financial measures as well as such non-GAAP financial information in its evaluation of the Company's financial statements and believes these non-GAAP measures provide useful supplemental information to assess the Company's operating performance and financial position. These measures should be viewed in addition to, and not in lieu of, the Company's diluted earnings per share, operating performance and financial measures as calculated in accordance with GAAP.
